Bandit Trio Gets \$1,500 In Moravia Street Store Hold-Up

Trio Of Bandits Gets About \$1,500 In Store Hold-up

Moravia Street Store Scene Of Sensational Robbery Wednesday Night

PROPRIETOR AND OTHERS TIED UP

Money Was In Store For Purpose Of Cashing Checks Of Mill Workmen

Three men, apparently of Slavish nationality, shortly before seven o'clock last night, entered the store of Abraham Shapiro, 1327 Moravia street, covered the proprietor and two clerks with a gun, tied them up with a rope, asked a customer who happened in while the robbery was in progress, took \$1,500 in cash from the cash register, passed up many valuable checks; and made their getaway.

The money taken was part of that which Mr. Shapiro had on hand for the purpose of cashing checks, it being in mill pay. The loss is fully covered by insurance.

Mike Jurinec, a clerk in the store, succeeded in getting his penknife out and cutting the rope bonds of himself and the others. The police were immediately notified and Lieutenant Hillers, Detective John Young, and Officers Robert Dukes, (Continued On Page Two)

PA NEW OBSERVES

Chickens that live in the spacious chicken apartment on a farm half way between here and Butler, are kept quite busy these days, and Pa Newc would bet that the egg production is high on that farm. Pa Newc passed there at 1:30 p. m. Monday night and all the chicken houses were brightly lighted. The birds, thinking the sun was shining, were busy pecking around at the feed and laying eggs!

School Board Approves Benefit Game Project

There seems little doubt that the New Castle High school football team will stage a benefit game on the Saturday before Thanksgiving, November 22. The matter came before the school board at its meeting on Wednesday evening and while the details of arranging the game are to be left to the Athletic Council, the board endorsed the idea and will work with the council.

The proceeds of the game will be devoted to relief work in the schools and for the disbursing of this fund a committee will probably be appointed by President Daniel B. Woolcock composed of one person from the school system, one from city council and one outsider. City

Parents Of Girl Shot By Brother Enter Two Suits

Want Damage From Firm That Sold Cartridges And One That Sold Rifle

CLAIM VIOLATION OF FIREARMS ACT

Two suits of a somewhat unusual nature have been filed at the prothonotary's office by Pete and Mary Pecararo of Ellwood City. One is against Adolph Lebowitz, trading as the Ellwood Army and Navy Store, and the other is against the Cartwright Hardware Company of Ellwood City.

It is claimed by the plaintiffs that the Army and Navy Store sold cartridges and the Cartwright Company a rifle to their son, Alfred, aged 13, with which he shot and killed his sister, Josephine, aged nine years. Damages in the sum of \$5,432.50 is asked from each company.

The action is brought under a law which prohibits the sale of firearms or ammunition to minors under the age of 16 years. It is claimed by Mr. and Mrs. Pecararo that the Army and Navy Store sold the cartridges, 22-caliber, to Alfred, their son, without their knowledge or consent; also that the Cartwright Company sold a 22-caliber rifle to their son without their consent.

The sales were made on or about December 20, 1929. A few days later Alfred was out near his home shooting at a mark when his little sister ran between him and the mark and was shot dead.

It is claimed by the plaintiffs that the accident would not have occurred if the ammunition and rifle had not been sold to their son in disregard of an act relating to the sale of firearms.

Vacation Starts On November 26

Thanksgiving vacation for the New Castle schools will start on Wednesday evening, Nov. 26, according to an announcement from the office of the superintendent of schools. The vacation will last until Monday morning, Dec. 1st. This means that the public schools will be off Thursday, Friday, Saturday and Sunday of Thanksgiving week.

WILL ROGERS says:

(Special To The News)
BEVERLY HILLS, Cal., Nov. 13.—Celebrated twelve years of continuous peace Tuesday, and we looked about as bad off as we did twelve years ago when we celebrated the end of two years of war.

If we pulled together as much to put over a siege of peace as we do a spell of war, we would be sitting pretty, but we can't hardly wait for a war to end to start taking it out on each other.

Peace is kind of like prosperity, there is mighty few nations that can stand it.

Burton Plant Rises Rapidly

Buildings Of New Industry Are 80 Per Cent Completed Now

PRODUCTION WILL START EARLY IN '31

By the first of the new year, or shortly after, the Burton Explosives plant near Coverts Station should be in production. The building operations are about 80 per cent completed, and unless unforeseen developments impede the schedule everything should be ready some time early in January for the manufacture of dynamite.

The plant area is an enormous one and looking from the road leading in to the plant there appears to be little activity. But back over the hill half a mile or more from the offices, there are some 35 buildings large and small under construction, machinery is being installed, trackage is being laid and pipe lines run.

Gravity System.

Because of the terrain it will be possible to handle all materials used in the manufacture of dynamite, on a gravity system. From the time the acids are run in at the far end of the little activity, but back over the hill half a mile or more from the offices, there are some 35 buildings large and small under construction, machinery is being installed, trackage is being laid and pipe lines run.

The buildings are divided into two classifications, explosive and non-explosive. The non-explosive buildings are at the beginning of the "dynamite line" and in this there is practically no chance of explosion. As one moves along the buildings where the acids are mixed and the (Continued On Page Two)

Swift Justice Is Meted Out To Slayer Of Child

BELLEFONTE, Pa., Nov. 13.—When Harry Coons, 23, child murderer of Potter county, is electrocuted at Rockview penitentiary Monday morning, it will be a record for swift justice in Pennsylvania. Coons murdered Mildred Cass, 6-year-old daughter of Mr. and Mrs. Harry Cass of Seven Bridges, by beating her to death September 13. He was arrested the next day, tried and convicted on October 2, sentenced to pass the same day and on October 26 Governor Fisher named November 17 as the day for his electrocution, which will be 65 days after the murder.

Big Death Toll From Landslides In French Towns

Estimate Between 40 And 100 Killed As Tons Of Earth Buries Small Town

RESCUE WORK IS STARTED AT ONCE

Collapse Of Hospital Wall On Summit Of Hill Causes Big Disaster

(International News Service)
LYONS, France, Nov. 13.—Between 40 and 100 persons lost their lives and scores were injured today when a disastrous series of landslides demolished dozens of homes and buildings in the densely populated St. Jean district of Lyons, a suburb of Lyons, one of France's largest and most important industrial centers.

Among the dead were 19 firemen and seven policemen who were caught by a second slide after the first avalanche had torn its path of destruction down the hillside on which St. Jean nestles.

The first slide occurred shortly after 1 o'clock this morning, and was caused by the unexplained collapse of a wall of the St. Jean hospital, situated almost at the summit of the hill. Throughout the night, other slides occurred, halting rescue work and causing additional death and destruction.

Twelve Killed In Peruvian Rioting By Union Workers

Two American Storekeepers Among Those Slain In Midst Of Rioting

POLICE ACT TO PREVENT TROUBLE

Industrial And Mining Centers Of Peru Seething With Anger Today

(International News Service)
LIMA, Peru, Nov. 13.—Strong military and police precautions were taken in industrial and mining centers of Peru today in an effort to prevent a recurrence of the strike rioting in which twelve persons, including two Americans, have already lost their lives.

A general strike of all union workers scheduled to start today threatened the possibility of new outbreaks such as that in the Cerro De Pasco Mining area, in the rugged Andes mountains, where yesterday's casualties occurred.

The two Americans have been identified as John W. Chapman of Chicago and E. L. Tripary, whose address has not been learned. Three other Americans were reported to have been among more than a score wounded in the outbreak.

Police Efforts Fail

The riot took place after police unsuccessfully attempted to turn back 1,500 Peruvian workmen from La Oroya who were on their way to the town of Mai Paso, about 125 miles northwest of Lima, to stage a labor demonstration.

According to reports received here, the demonstrators were angered over the police interference at La Oroya, and immediately upon arriving at Mai Paso set about looting business houses and private dwellings. Chapman, proprietor of an electrical shop, and Tripary, a general storekeeper, were killed in attempting to drive the invaders away from their property.

Alleged Wooster Bootlegger Slain

Sam Monaco, 50, Reputed Bootlegger Killed In Doorway Of His Home

(International News Service)
WOOSTER, O., Nov. 13.—Sam Monaco, 50, reputed bootlegger, was shot to death by an unknown assailant as he stood in the doorway of his home here today.

Three of the five bullets fired from an automatic revolver wielded by the assailant entered Monaco's body. He died almost instantly.

Police offered the belief that Monaco's death was the result of a bootleg warfare. An intensive police search was launched in an attempt to apprehend the assassin.

The shooting occurred, police said, when Monaco opened the front door of his home in response to a knock. The gunman immediately opened fire and after shooting five bullets, made his escape down the street.

Mayor Who Helped Out Man Desiring A Wife Now Wishes He Hadn't

By Central Press.
MACON, Ga., Nov. 13.—Mayor G. Glen Toole of this city had no intention of opening a matrimonial bureau when, in a big-hearted gesture, he tried to aid a forlorn Texas widower in finding a Georgia brunette for a mate, and inserted an item in the public print.

A HEARTY RESPONSE

Hundreds of letters were in every mail, and all were forwarded to the mayor, except those written to the mayor himself. Those found their way to the incinerator. Scores of women, writing under a false impression, thought that Mayor Toole was seeking a helpmate and offered themselves as candidates. Mayor Toole, already the possessor of one wife, and with no desire to add a harem, sent out a frantic call for the gentlemen of the press, but despite the efforts of the scribes in giving publicity—the letters continue to arrive.

As an anti-climax to the episode nine days after the marriage bureau was unwittingly started a hurry call came from Texas. The widower wrote, complaining that he had received 228 letters at that sitting, 31 of them being in the latest post. They were from red-heads, blondes and brunettes ranging the age scale from 17 to 62. Some had as many as six children.

The Texan ended with the well, "I only asked for a brunette between the ages of 25 and 40 to write to me. George must be a little short on men folks."

Many Nuns Killed

The convent of Notre Dame de Simon, a large apartment house and two blocks of old homes, each housing several families were destroyed by the avalanche. Among the victims were nuns who were sleeping in the convent when the hurtling earth brought the structure down about their heads.

As the electricity supply was cut off by the first slide, rescuers worked by flickering torchlight, laboring bravely in the face of death from new landslides in an effort to rescue scores of injured who were trapped in the shambles of their homes.

One of the earliest officials on the scene was Edward Herriot, former premier of France and for many years mayor of Lyons. He rose from a sick bed to direct the work of rescue. He has been suffering from an attack of intestinal grippe.

Few Bodies Recovered

All available police and firemen, as well as the entire military detachment stationed at Lyons, were rushed to the scene of destruction. At a late hour this morning, only a few bodies had been recovered, due to the fact 20,000 cubic metres of earth covered the demolished area to a depth of forty feet.

Heavy rains are believed to have weakened the earth at the top of the hill, enabling the falling hospital wall to start tons of dirt and masonry on their downward path of destruction.

Endurance Fliers Find No Clues To Missing Boy

Two Endurance Fliers In New York Escape Death As Plane Catches Fire

LANDING MADE JUST IN TIME

(International News Service)
NEW YORK, Nov. 13.—John S. Donaldson and Edward Weimer, attempting to establish a new airplane endurance record, narrowly escaped death today when their plane the "American Legion" caught fire off Jamaica Bay. Donaldson, who was at the controls, succeeded in piloting the flaming and smoking plane to earth and after landing the ship dragged Weimer to safety.

Weimer suffered lacerations when the plane was brought to a landing but his injuries were not serious.

Donaldson said he thought a spark from radio equipment on the plane caused the fire, igniting gasoline which had been spilled in a refueling contact shortly before. The plane was completely destroyed.

Donaldson and Weimer took the air yesterday afternoon and had planned to stay aloft 1000 hours.

Slippery Rock

Slippery Rock high school football star, although the search has been broadened by state police, school authorities and friends.

Young Hines, the son of Mr. and Mrs. William Hines, has been missing since the football game between Slippery Rock and Bessemer high schools in which he took a prominent part on Friday, November 7.

Shortly after the game Hines was missed and has not been seen since. When he failed to return home by Saturday, state police were notified and with local authorities began a search for the missing lad.

Principal A. B. Denniston of Slippery Rock high school stated this morning that he felt no accident had befallen the lad and that the case would be ultimately solved by his return home. The thing that puzzles those engaged in the search is that no motive can be found for his disappearance.

Gas Curb Box Tests Practically Ended

Nearly all of the 14,000 gas curb boxes of the Manufacturers Light & Heat Company, have received their annual inspection by gangs of workmen. Alvin M. Father Shoots Daughters And Takes Own Life

Tragedy Enters Home Of Prominent Attorney Of Uniontown

THREE DAUGHTERS KILLED IN SLEEP

Wife Also Probably Fatally Injured—One Bullet Ends Man's Life

(BULLETIN)
(International News Service)
UNIONTOWN, Pa., Nov. 13.—Three young daughters were shot to death today as they lay asleep in bed by a temporarily crazed father who then probably fatally wounded his wife and ended his life with a single bullet through the brain.

The Dead Are:
Robert William Playford, prominent member of the Fayette county bar; his three daughters, Pauline, 9; Margaret, 10; and Nancy, 13.
Mrs. Nancy Playford, 45, the lawyer's wife, was not expected to live by attaches at the Uniontown hospital.

Police expressed the belief that Playford, who was reputed to be wealthy, may have gone temporarily insane because of business worries.

Victims In Bed

All the victims were found in bed. The bodies of Margaret and Pauline lay side by side. Police said Playford shot them as they lay asleep.

Friends said he had a lucrative law practice. His family was prominent in all Fayette county social activities and were considered among the wealthier residents of Uniontown.

Dr. S. A. Baliz, coroner and District Attorney John B. Adams came to the scene immediately after the tragedy was discovered. They began separate investigations of the shootings.

Gun Muffled

Police were summoned to the home by a maid. Detectives believe Playford muffled the revolver and prevented other members of the household and the sleeping victims from hearing the report of the revolver.

Playford's home, "Elm Crest," was one of the most palatial in the exclusive Oakland avenue district in Uniontown.

In addition to his position as vice president and director of the Fayette Title and Trust Company, Playford was also treasurer of the Irwin Gas and Coal Company, treasurer and director of the Partridge Coal and Coke Company, president and director of the Provins Coal and Coke Company and president and director of the Uniontown Water Company.

He was admitted to the bar in 1899 at the age of 24. He had progressed steadily in the financial and business world since that time.

The basketball germ and the football bug were deep in an argument, said the basketball germ to the football bug, your hour is nearly spent. You've shored me around since beginning of school, and never a break did I get, but I'm bidding my time and I know right soon I am going to get you yet. Your actions have drawn many thousands of folks and they've crowded the playing field but the snow will chase them, and soon my friend, you'll find that you'll have to yield. Said the football bug to the basketball germ, go away let me sleep a bit, for I'm bruised and sore and my muscles ache from the places that I've been it. So I left them there in the corner seat, wrapped up in their hot debate, the basketball germ and the football bug, the weather is fifty-eight.

Stevens Is Host To Friends On Visit To City

Former Superintendent Of Local Division Greets Acquaintances

LEAVES AFTER OFFICIAL VISIT

Don F. Stevens, superintendent of transportation for the Baltimore and Ohio Railroad Company, was host to a number of friends Wednesday, while in the city on a business visit.

Mr. Stevens spent pleasant day renewing old acquaintanceships in his private car in the local yards, having lunch with one group of friends at noon, and dinner with another group in the evening.

Those present at the noon luncheon were Fred L. Rantz, President of The News Company; R. E. Long, Sales Manager of the Lehigh Portland Cement Company; Alfred W. Chilton, Secretary of the New Castle Chamber of Commerce; and Ernest A. Ashton, vice president and Chemical Engineer of the Lehigh Portland Cement Company.

In the evening Mr. Stevens entertained local industrial leaders. Those in the group were David S. Pile, Manager of the Shenango Works, A. S. and T. P. Company; Earl R. Thompson, Manager of the New Castle Works, A. S. and T. P. Company; Robert J. Tully, General Superintendent of the Carnegie Steel Company; and James K. Love, Superintendent of the Shenango Pottery Company.

Mr. Stevens was accompanied by W. E. Dudley, Transportation Assistant at Detroit, Mich.; W. E. Schoonover, assistant to the vice president; and M. N. Preese, Division Freight Agent of the Akron Division.

Mr. Stevens and his party left this morning for Youngstown, where they will continue inspection of property and other business for the company.

You're the JUDGE

Six of the leading men of the town of Hinkston decided to organize a new corporation. On the day on which the articles of incorporation were being executed, Timms, one of the incorporators, entered into a contract with the corporation by the terms of which he was to be paid a certain sum out of the sale of the first shares of working capital. The shares were sold in a sum larger than that stipulated, but Timms was not given anything of it. This nettled Mr. Timms, and he demanded the money, but the answer he got was that the contract was entered into before the corporation came into actual existence and was therefore not enforceable. Whereupon Timms filed suit.

How would you decide this case? Make up your mind before you read the decision. (Decision will be found on Classified Page.)

TRIO OF BANDITS GETS ABOUT \$1,500 IN STORE HOLD-UP

(Continued From Page One)

John Moore, H. J. Young, Charles Augustine, George Kennedy, Robert Letera and Thomas rushed to the scene and thoroughly scoured the adjacent mill district, but without success. They were armed with riot guns and were ready for any emergency.

Money In Bills

The money taken consisted of twenty-ten and five dollar bills and some change. There was an unbroken package of \$500 in five dollar bills among the money taken. The checks, which the stickup men delivered to take, were scattered about the place when the robber's left, amounted to something over two thousand five hundred dollars. Evidently the robbers believed that they would be hard to get rid of.

Mr. Shapiro and two clerks, Anna Spanish and Mike Jurinec, were in the store, when the three stickup men came in.

All three were armed and ordered those in the store to be quiet.

These instructions were obeyed. The taller man of the trio stood at the door, most of the time, gun in hand, and was apparently the head of the holdup gang.

The robbery had evidently been planned with considerable care. The robbers had some stout rope, about the texture of a good clothesline, with which the two shorter men proceeded to bind Mr. Shapiro, the proprietor. When they had tied him hand and foot and made his getaway practically impossible, they shoved him to one side on the floor and then bound up Anna Spanish, the lady clerk.

Their rope running out, they secured some heavy wrapping twine such as comes on packages and were proceeding to bind Mike Jurinec, the man clerk of the place, when Dr. Frank B. Janoski, of 130 West Long avenue, who wanted to see Mr. Shapiro on business, happened in.

The tall man, who was on guard at the door was in such a position as not to be seen by the person entering. Dr. Janoski walked down about two-thirds of the store room and not seeing Mr. Shapiro or the others, turned to go out and as he did so, the taller of the trio, grabbed him by the shoulder, at the same time sticking his gun, a thirty-two calibre revolver into Dr. Janoski and warning against outcry or any attempt to get away.

He and the clerk Mike Jurinec were then tied together.

Demand More Money

When the money had been secured from the cash register, the tall man, evidently the head of the group, demanded of Mr. Shapiro to tell him where there was more money but Mr. Shapiro did not tell him. The stickup man threatened to strike Mr. Shapiro but the latter remained obdurate. He then demanded the combination of the safe, which Mr. Shapiro gave him.

The tall robber then went to the safe and opened it, according to Dr. Janoski, but whether or not he secured anything of value, he was unable to determine.

Mr. Shapiro did, according to Dr. Janoski, suggest while they were trying to make him tell where there was more money, that the checks

were good, but the robbers said they did not want them and left finally without taking them.

The checks which they failed to take with them amounted to more than \$2,500, and had been cashed during the day.

Suddenly, evidently believing that they might endanger themselves by remaining longer in the store, the three robbers left. While it is not known just how the robbers came, there is a bare possibility that they had a car in which they made their escape, as the victims of the three men heard a car start up after the robbers left the store.

The unusual part of the affair is that the only persons who actually saw the robbers were Mr. Shapiro and his clerks and Dr. Janoski, who happened in just in time to be tied up with the others.

The robbers had scarcely gone out the door of the store, when Mike Jurinec, the clerk, got his penknife from his pocket and cut the rope that was holding him and Dr. Janoski. He then released Mr. Shapiro and the girl clerk.

Police were notified without delay and were on the job in a few minutes, but in spite of their very thorough search, no trace of the holdup men could be found.

It is considered possible by the police that this may be the same gang that has been perpetrating a number of stickup jobs in Youngstown recently.

Although apparently foreigners, they spoke good English.

The taller of the trio is described as being about six feet in height, weighing about two hundred pounds, round faced with red spots on it. He appeared to be between 23 and 25 years of age. He had on a blue lumber jacket and was without a hat. He had a thirty-two calibre nickel plated revolver. He had an adhesive patch on his nose.

The second man was about five feet ten inches in height and wore a hat. He had a rather long shaped head that was flat at the back.

The third man was about five feet five inches in height and brown complexioned. He weighed about 160 pounds and was between 23 and 24 years of age.

BURTON PLANT RISES RAPIDLY

(Continued From Page One)

various materials prepared, he comes to a long open space and then the explosive area where the nitro glycerin is made, and the various buildings housing the processes.

Nitro-glycerin is highly explosive but when handled properly there is little chance of trouble. It does not take one versed in the manufacture of it to know that the new Burton plant is being made as safe as human ingenuity can make it, and the possibility of explosion is being reduced to a minimum.

Lead Sheet Floors

The floors of the buildings are sheet with lead to prevent any sparks. The shoes worn by the employees are known as "powder shoes" and have no nails in them. The tools the men will use are copper, another non-sparking material, and from time to time match inspections will be made. Matches on the person of employees are strictly taboo and possession of them means instant discharge. This to insure against accidents.

Each building in the explosive area is sheeted with corrugated steel. If there should be an explosion the walls would give way easily and a man inside would then have a chance for his life. In addition, each of the explosive buildings is barricaded with heavy logs and dirt so that if an explosion took place the force of it would waste itself in the embankment. Many of the buildings are set against a hill, a natural barricade. Each building is a distance away from its neighbor in accordance with the Table of Distances.

While it is sometimes thought that the making of explosives is highly hazardous, actually it ranks tenth in the list of hazardous occupations. The reason for the popular belief is probably due to the fact that a death from an explosion is usually more spectacular than one in the ordinary run of industry.

The men who have been engaged in the building operations at the plant have made splendid progress. Everybody seems to be busy and all of the activity is directed towards the goal of January 1 when Burton dynamite will be in the course of manufacture.

STAR LORE

By Arthur DeV. Carpenter

When it comes to the probability of numerous solar systems being distributed through the universe, one scientist's opinion may be as valuable as another's. It is not likely we will ever be able to settle the question by observation, for the remoteness of all the stars makes it impossible to distinguish their disk forms as we do that of the sun; consequently we may never expect to even see the points of light that would constitute their planets, when their sizes would be relatively so much smaller than the stars around which they would rotate. It is not probable the double stars have planets, but many single stars may have.

Escaped Convict Pleads For Brother

(International News Service)

AUSTIN, Texas, Nov. 12.—After enjoying freedom for 12 years, Jas. Doolan, convicted perjurer, is back in prison. He landed there because he attempted to secure the freedom of a brother, also imprisoned.

Doolan was convicted in 1917 and sentenced to serve five years in the state prison. After nine months he escaped, tried to join the army but was refused, and worked in a munitions factory. At that time he was 39 years old.

Officers recognized Doolan when he went to Governor Dan Moody to ask for clemency for his imprisoned brother. Now James is petitioning for clemency for himself.

DRILL FOLLOWS BANQUET EVENT

Maj. Samuel B. Wolfe, commander of the second squadron, and Capt. James B. Shelton, cavalry instructor for the 103rd Cavalry, are scheduled to arrive in the city early this afternoon to attend the banquet of New Castle's unit of the Pennsylvania National Guard, Troop F, in the Elks home this evening at seven o'clock.

The banquet, which will be attended by city, county and state officials, will be a booster gathering for the purpose of acquainting the state military heads with New Castle's desire for a state armory building. Capt. Harvey G. Bintrum, commander of the guardsmen here said, "For the past few days rumors of a surprise to be announced at the banquet were known at the troop armory and today Capt. Bintrum said that a surprise is in store for persons who are interested in the troop's welfare."

That the armory proposition will be foremost in the discussion after the banquet is indicated by the fact that members of the Chamber of Commerce Military Committee will attend.

R. L. Rounds, chairman of the Citizens' Committee, sponsor of the troop in the city, will be the toastmaster. Talks will be made by Hon. George T. Weingartner, state senator, Maj. Wolfe, Capt. Shelton and others. Numerous distinguished citizens of the city and county have announced their intention of attending and over 100, including members and officers of Troop F, are expected.

The final arrangements have been completed by the general committee comprised of Maj. W. Fulton Jackson, dental reserve; Lieut. John Kennedy, financial reserve; Lieut. George F. Mitchell of Troop F, Announcements was made Wednesday by the troop commander that he has received a communication from Maj. Wolfe which states that Adjutant General F. D. Beary of Pennsylvania will not be able to present as he had planned, due to an unexpected engagement with Governor Fisher. Col. Arthur C. Colahan, commander of the 103rd regiment, who had originally announced decision to attend has cancelled the trip to New Castle, according to the colonel's adjutant, Capt. Albert.

The banquet tonight will precede the regular quarterly drill and military equipment inspection by Maj. Wolfe and Capt. Shelton.

Allied Jewish Drive Campaign Is Active

District Chairman Harry Frank of the Allied Jewish Campaign drive in New Castle and vicinity said today that teams of the executive committee are continuing with the campaign, which is expected to end on November 17. At the mass meeting in The Castleton Sunday the sum of \$1,500 was subscribed by local Jewry.

MANY ATTEND MEETING AT SALVATION HALL

Services held Tuesday evening at the Salvation Army Hall, 34 West Washington street, were very largely attended and proved of much interest due to the presence of a number of ministers and others. Teddy Rhodes delivered the message, Rev. and Mrs. J. L. Perle of West Medley, sang a duet "I Know He Cares", while Rev. and Mrs. E. M. Withers and Rev. Harry Johnson also assisted in the services.

DR. ROGERS NOT ON TRIP.
Dr. Mildred Rogers of North Mercer street, is not on a trip to Washington, D. C., as previously reported.

Deaths of the Day

John R. Maitland.

John R. Maitland, aged 93, one of the older generation of Lawrence county, died Wednesday at 10 p. m. in the family home, on the Wilmington road. Mr. Maitland sustained a broken hip about a year ago in a fall and had never fully recovered from the effects of this although his last illness was of two months' duration.

Mr. Maitland was born in Lawrence county, October 11, 1837, the son of William N. and Camilla Pollock Maitland and has been a resident of the county all his life, having engaged in farming. He was preceded in death a number of years ago by his wife, Mrs. Rebecca J. Harrit Maitland.

He is survived by two sons, William H. and John R.; two daughters, Mrs. Camilla Monroe, and Mrs. Mary A. Seamans; six grand children and two great grandchildren and a brother, William Martin Maitland.

Funeral services will be held from the family residence Friday at 3:30 with Dr. G. S. Bennett officiating. Interment will be made in Grace-land cemetery.

Grant Brock.

Grant Brock, aged 34, died at his home, 210 Maloning avenue, at 4 p. m. Wednesday, following a long illness. Mr. Brock has been a resident of this city the past five years, and was employed at the box factory.

He was a veteran of the world war.

He is survived by his wife Mrs. Alice Brock and six children, Alice, Ada, Blanche, Lawrence, Melvin and Herman, all at home; six sisters and three brothers in Virginia.

Funeral arrangements have not yet been completed.

Samuel Leiby Funeral.

Funeral services for Samuel Leiby, King avenue, were held Wednesday afternoon from the family residence with Rev. S. L. Maxwell, pastor of the Epworth Methodist church officiating, assisted by Rev. F. A. Wimer of Corry. Beautiful vocal numbers were sung by James Mackenzie and his mother.

Balancers were James Mayberry, Ed Mayberry, Charles Mayberry, John Wimer, Sr., Frank Ford and George Swisher. Interment was made in Grace-land cemetery.

FRANKLIN CLUB HAS RECORD ATTENDANCE AT WEDNESDAY MEET

Attendance records for the past five years were shattered by Ben Franklin Junior Hi-Y at a meeting in the Y. M. C. A. Wednesday evening when 72 members were present. The club has developed from a membership of 18.

With the large group present the club ended the debate question, whether boys or girls were the most deceitful, for all time.

William Winter, Albert Kenst, Charles Eral, Red Sanford, Harry

Pallas, Ed Shiosberg, Silvio Restivo, Harry Francis and Carl Ambrose took sides against Daniel Racioppo and Saul Waldman, the latter defending the girls. The result was voted upon by the club with the careful that girls were not more deceitful than boys but just about the same.

The debate brought new men for the debating team, so that future debates of interest are assured.

Next week Mr. Vance instructor at Ben Franklin Junior high school will bring the message to the club, after which Mr. McCandless will work out with the club's swimming team. A large turn out is expected.

CHICAGO IS BUILDING FOR HER 1933 WORLD'S FAIR

Although Chicago's World's Fair will not be held until 1933, buildings already are rising along the shores of Lake Michigan. Top left, the Administration, on the Outer drive, top, right, skeleton of the Transportation building; below, reproduction of Fort Dearborn, scene of the famous massacre, which is being erected on the exhibition grounds.

MRS. J. F. RENTZ HOSTESS AT TEA

The beautiful home of Mrs. J. F. Rentz, 219 Winter avenue, was a perfect setting Wednesday afternoon for the silver tea held by the Queen Esther of the Epworth Methodist church, when during the hours from 3 to 5 the members of the organization received friends, a constant stream of guests arriving and leaving during the hours.

Baskets of yellow chrysanthemums, both of the baby and large variety, were placed effectively about the living rooms and in the dining room a striking effect was achieved with a handsome lace cloth over silver, the silver candelabra holding lighted yellow and white tapers and a centerpiece of yellow and white "mums" carried out the color scheme.

During the afternoon Mrs. S. L. Maxwell, Mrs. Carl Hart and Mrs. Wayne Stitzinger, president of the Queen Esthers, poured and the members served the dainty refreshments.

A delightful musical program was carried out during the reception with Mrs. Jay L. Reed, Miss Edna Weide and Miss Kathryn Johnson of Bellefonte, supplying the vocal and instrumental numbers.

GUESTS WILL BE HONORED AT TEA

Virginia Lady Thornton and her daughter, Miss Anne Thornton, of Harrisburg will be honor guests at an afternoon tea given at the home of Mrs. George Dike Blair on Highland avenue Saturday. The guests of honor will arrive in the city some time Friday evening.

Croton Twilight Club.

Misses Mary and Anna Bloise of East Brook road, were the charming hostesses on Tuesday night to their associate members of the Croton Twilight club in their home for their usual sewing time. After sewing for an hour, the suggestion was brought up to spend the remainder of the evening at the Princeton dance hall, where the club had a delightful time.

The next meeting will be at the home of Miss Colauca on November 18.

ENTERTAIN EMPLOYEES AT DINNER WEDNESDAY

Mr. and Mrs. W. S. Crozier of 903 North Mercer street entertained in a pleasing manner employees of the Cudahy Packing company in their home Wednesday evening at 6:30 o'clock dinner. This was chosen as a fitting close to the year's business just completed.

After a sumptuous several course menu had been served by Mrs. Crozier, who was assisted by Mrs. Edward Christie, at a table attractively set in autumnal tones, speeches were given by the different men as they were called upon. M. S. Crozier, manager, spoke in a few well chosen words his appreciation of the cooperation and work done in the past by the employees, and hope this splendid record would be continued so successfully through another year, 1931. A general social time, spent informally, occupied the remaining hours of the evening.

Those participating in this event were Miss Sara Thomas, J. R. Marshall, A. Fritz, A. A. Earhart, W. A. Johnson, W. H. Stafford, C. E. Tindall, D. C. Burns, C. E. Brown, Mr. McGrath, W. E. Oplinger, P. A. Kelly, J. A. Dart, J. E. Lee and H. Boughter. Mrs. Margaret Crozier, mother of the host, was a special guest of the occasion.

1923 S. L. CLUB IS ENTERTAINED

Three tables of cards furnished the pastime for members of the 1923 S. L. club when they met at the home of Mrs. James McGivern on Laurel boulevard Wednesday evening for their regular social time. At the conclusion of play lovely favors were awarded to Mrs. Albert Sullivan and Mrs. P. P. Capitola for honors. A tempting lunch served by the hostess, assisted by Mrs. B. H. Waldo, who was a special guest of the club, and Mrs. G. F. Lowers, brought the meeting to a close.

LADIES GATHER AT JAMESON HOSPITAL

Fifteen ladies gathered at the Jameson Memorial hospital Wednesday morning from 9 until 12 o'clock to sew on articles for the institution. Members of the Current Events club of 23 who will be in charge of the meetings during the month of November, were well represented, and with all participating most efficiently, many garments were completed.

The cutters were Mrs. Frank Douds and Mrs. Fannie Gormley. There will be another gathering at the hospital next Wednesday morning and any women of the city who care to take part are cordially invited to be present on this day.

Stitch A Bit Club

Mrs. Leroy Book, Bonzo street, proved a pleasing hostess this week when she entertained members of the Stitch A Bit club in her home. Fancy work and games were diversions of the hours with Maude Zeiler and Helen Wallace winning prizes.

The dining table presented a beautiful appearance as the guests were ushered in for a delicious lunch, the centerpiece was cleverly formed from a pumpkin and filled with "mums" of various shades, and the candle holders were fashioned of corn stalks and each place was marked by a funny little "lolly pop" figure.

November 24 Gladys Gray of Adams street will entertain the members in her home.

Aurora Bridge Club

The members of the Aurora Bridge club enjoyed a theatre party on Wednesday night. Following the theatre party a delicious luncheon was enjoyed at the Castleton. The hostesses were Mrs. Williams Cohen and Mrs. Edward Haines. The next meeting of this club will take place on next Wednesday night at the home of Miss Frances Moresky, of West Long avenue.

Bosworth Study Club

Grace Houk was hostess to the members of the Bosworth Study club Wednesday evening in the office of Dr. Voorhes. The girls experimented on x-ray work, taking the pictures and developing them, after which each gave a discussion of topics of interest to them in their work.

FUTLER GIRLS CLUB ARE GUESTS WEDNESDAY

Mrs. William Bryan, of Richelieu avenue charmingly entertained associates of the Futler Girls Club in her home Wednesday afternoon, for their regular session. Music, chat and games whiled away the leisure hours in a delightful manner, and at the conclusion of the entertainment, the prize was awarded to Mrs. Carl Bovard.

At a suitable time, the hostess assisted by her daughters Isabelle and Martha, served a very delicious repast. This was the closing feature of the gathering, and the date of the next meeting will be decided later.

CLUB MEMBERS HOLD SERVICES AT MEETING

Miss Mary Maciarelli of South Mill street received in her home Wednesday evening, members of the Semper Fidelis Club, with a good number being present. The activities opened with a business meeting. Memorial services in honor of Mrs. Victoria DeCarbo who died October 25, were conducted in a beautiful manner, by the club members.

Later a social hour was enjoyed, with games and cards as the diversions. Mrs. Connie DeCarbo was awarded the favor in a contest indulged in and the regular club award was given to Mrs. E. H. Scarazzo. A delicious lunch served by the hostess brought the evening to a close.

In two weeks Miss Nanco Scarazzo of 5 West Laurel avenue will be hostess to the club.

MRS. WILLIAM DUKES IS HOSTESS TO CLUB

Mrs. William Dukes of Park avenue extended hospitality to associates of the O. E. A. Club when she entertained at their regular meeting Wednesday evening. Three tables of 500 formed the main diversion of the social hours, and at the close of play, the trophies for honors were awarded to Mrs. C. E. Armstrong and Mrs. L. A. Fehl. An appetizing lunch was served at the close of the evening by the hostess, assisted by Mrs. Earl Chaffee. Pastel tones were attractively used in the menu appointments.

The next meeting of the club will occur in two weeks with Mrs. Earl Chaffee of Maryland avenue as hostess.

Sew at Aid Meeting.

Sewing in charge of Mrs. S. E. Patterson constituted most of the program for the November meeting of the Erie & Ashtabula division branch of the Women's Aid, system-wide ladies' organization of the Pennsylvania, held here Wednesday. There were about 30 members present.

The ladies gathered at 11 o'clock sewing until 12. A picnic lunch was served at noon-time, with ladies of the M. of E. department in charge.

In the afternoon came the regular business meeting, with Mrs. H. T. Francis, superintendent of the branch in charge. Plans were made for sending several Thanksgiving baskets to needy railroad families. The only out-of-town guest was Mrs. W. E. Gastinger of Sharon. The aid will meet next on December 9 at 11 a. m., with ladies of the trainmaster's department in charge. That meeting, like yesterday's, will also continue throughout the afternoon.

C. B. Girls Meet.

Members of the C. B. Girls club were received Wednesday evening in the home of Rose Reynolds, Superior street, and three tables of bridge were in play during the evening.

Concluding play prizes for high score were awarded Cecelia Daucherty and Eleanor Travers. The guest prize was won by Martha Hurst.

Later in the evening dainty Thanksgiving suggestions were carried out in the appointments of a delicious lunch, which was served by the hostess and her mother.

Eleanor Travers of State street will receive the club members in her home November 26.

Ramona Club Members

Friday evening at the home of Mrs. William Nickel on Edison and North Jefferson streets, the Ramona Club members will gather for their usual social time.

MOTHERCRAFT CLUB HEARS PROF. SHOTT

Psychologists seem to be holding the center of the stage at all club meetings this season and Wednesday afternoon was no exception when Prof. J. A. Shott of Westminster college, addressed the Mothercraft club of the Council of Jewish Women in Temple Israel.

Prof. Shott used as his subject "Child Nature" and talked on the modern attitude of the study of the child and the scientific inquiry into the mental attitude of the child of the present day. He spoke of the mentality tests that are now given in the schools and said through psychological research it has been decided that heredity has not so much to do with the intelligence of the child as its environment.

He gave some excerpts from "The Behavior of Young Children", a modern book by Ethel B. Waring and Marguerite Wilkins and commented on these.

Prof. Shott's talk was greatly enjoyed by the mothers in the audience and his newer ideas and methods of treating the child of today will be put to practical use in many cases.

Mrs. William Cosel and Mrs. Joseph Cohen were hostesses for the afternoon and at the close of the program served tea.

EMERGENCY CLUB MEETS AT HOSPITAL

The New Castle Hospital Emergency club held their regular meeting at the institution Wednesday afternoon, with a good number in attendance. The hostesses for the occasion were Mrs. M. J. Scanlon and Mrs. William Confer. Sewing on linens occupied the afternoon hours, and many articles were completed at this time.

The next meeting will take place on Wednesday, December 10 at the hospital with Mrs. Ann Dagnon and Mrs. P. Conway as associate hostesses.

At the close of the meeting, the afternoon prizes was awarded to Mrs. Anna Dagnon.

NEWSPAPERMAN OF SHARON IS WEDDED

Many local friends will be interested in the announcement of the marriage of Miss Mary Jane Ebbott, only daughter of Mr. and Mrs. George Ebbott of Greenville, and Thomas M. Gibbons, Jr., of Sharon, which was solemnized Tuesday morning in St. Michael's church, Greenville, with Rev. John P. Kearns officiating.

Mr. Gibbons who is well known locally is sports editor of the Sharon News-Telegraph. They will make their home in Greenville.

Is Host to Class

Harold Wigton of South Crawford avenue successfully entertained his Sunday school class, taught by Mrs. George Henderson Wednesday evening. Fourteen members were present to participate in the program planned, which included a variety of games and contests. At a late hour refreshments were served by the host's mother, Mrs. J. H. Wigton, assisted by Miss Cleora Wigton and Mrs. Henderson. Pink and white tones were used in the appointments.

During the business session the election of officers took place. Those elected were: Robert Curry, president; John McWilliams, vice president; Harold Wigton, secretary and treasurer; Jack Locke, librarian; Richard Warner, assistant librarian.

Evening Party.

As a courtesy to Mrs. Frank Montgomery of Weston, Vermont, Miss Eva Bricker, E. Washington street entertained a number of guests in her home Tuesday evening. Mrs. Montgomery is a bride of recent date. The evening was pleasantly spent in social chat. Later delicious refreshments were served by Miss Bricker, assisted by Miss Dorothy Sonneborne.

Guests were the honor guest, Mrs. Frank Montgomery, Weston, Ver., Misses Helen, Dorothy and Margaret Sonneborne, Mrs. Rose Klingensmith, Mrs. Adam Thompson, Mrs. Frank Montgomery, and Mrs. T. G. Howell of West Pittsburg.

1907 Club Entertains

The 1907 Club members gathered at the home of Mrs. Nick Wink on Morton street Wednesday evening with Miss Anna Steckel of Chicago, Ill., Mrs. Fred Breneman and Mrs. John Broshart, as special guests. Miss Steckel is the house guest of Mrs. Frank Steckel of Ray street.

Four tables of cards were enjoyed and the prizes for honors were won by Mrs. Fred Beard and Mrs. Lawrence Stevenson. A dainty lunch was served at a suitable hour by the hostess assisted by Mrs. Broshart and Mrs. Breneman.

In two weeks Mrs. Mary Geddes of Huron avenue will entertain the members in her home.

A. G. P. Meeting

Mrs. John Earl, of Grant street, entertained the A. G. P. Club in her home Wednesday evening for their regular meeting, and as a special guest, the ladies had Mrs. Anna Stump.

The rooms were beautifully decorated with various bouquets of mums, and also the table centerpiece was of the same. A delicious lunch was served by the hostess assisted by Miss Helen Fray, following an informal social hour. Plans for the next meeting will be completed at a later date.

CONSTRUCTIVE RELIEF

NEW YORK CITY seems to be tackling the unemployment evil with a sort of job dictator. Former Governor Smith is placed at the head of a committee of 100 citizens to unify all kinds of unemployment relief, federal, state and local.

He urges, as the principle to be followed, that prompt, efficient relief "shall be given in a manner which will not pauperize and degrade the beneficiaries."

This is the American policy generally. England, with its "unemployment doles," is a dreadful example of the opposite. Started in good faith, the doles have "pauperized and degraded" large numbers of people until they no longer want to work, and the government seems unable to give up the system.

The American way is to find or make jobs, so that the workman's self-respect and morale are maintained. Incidentally useful work is done, and the community as a whole is therefore getting ahead instead of falling back.

POLYGLOT TALKIES

The foreign protest against American films formerly came from foreign producers. They tried various ways to keep out American movies, but usually had to give in because their public wanted them. The talkies have brought about a different situation. Talkie audiences themselves are beginning to turn thumbs down on American films overseas.

The reason is that the foreign audiences object to hearing their own language spoken faultily by an English-speaking actor. They object to false lip movement on the part of an American actor obviously speaking English while, French, German, Spanish or some other tongue comes through the amplifiers.

American film magnates are confronted with a real problem. Either they will have to go abroad and make films in foreign languages or they will have to take several different casts to California and make as many versions of every picture play as there are countries in which they wish to sell it.

There is a golden opportunity for film actors who have the gift of tongues, but there aren't very many of them. Perhaps the coming advice to movie-struck youngsters will be "stay in school and learn languages."

A SOVIET MARE'S NEST

It is difficult to take seriously the accusation of the Soviet government that eight members of the Russian Industrial party are negotiating with MM. Poincare and Briand for an armed attack upon the Soviet Union. France has nothing to gain by such action, and it is impossible to believe that any responsible French statesman, least of all M. Briand, would favor it. The story is made even more absurd by the allegation that Great Britain and Poland are involved. The Poles may have some reason to fear Russian enmity, but the present British government has gone a much longer way towards friendship with the Soviet than the public opinion of the country in general approves.

Every other nation in Europe has reason to suspect Soviet propaganda—or even, perhaps, Soviet belligerency; but none would be crazy enough deliberately to provoke a conflict which would set in motion the masses of armed troops which Moscow undoubtedly has at its disposal says the Philadelphia Inquirer. The hope of security lies in the disintegration of the autocratic power of Stalin, not in such pressure from without as would consolidate it. The wholesale arrests which the OGPU has been making may have discovered some complicity on the part of individual Frenchmen with the plans for the overthrow of the Soviet; but that they have acted with official sanction is incredible.

In the absence of further definite information, it is safe to assume that the Soviet is muddying the waters for purposes of its own and imputing to other nations the same lack of good faith which has marked its own dealing with them.

BIOGRAPHY GOING TO SEED

Gossip is the small change of social currency, and the world more often has 20 nickel anecdotes than a single dollar fact. This explains the charm of biography. Biography is an art, and a very fine art, when it is used to enlighten for posterity the methods, purposes and achievements of worthy leadership.

Biography, of late, has been going to seed. Never were personal confessions so plentiful, and certainly never in such bad taste. It seems that reticence is in decay, that privacy exists no longer for the dairist, and that the chief purpose of social intercourse is to collect full-flavored anecdotes for a gossip-book.

There is only justification for autobiography when the subject either has occupied a distinctive and influential position in public affairs or has been brought into intimate contact with those who have. The surprising thing about every, or almost every, current biography, is the tremendous amount of information each writer has about other people, and the very little information he has about himself. This may be modesty, and again it may be insignificance; we suspect the latter.

It is said the golden bait for anecdotal memories is very enticing—so enticing that every unwilling Johnson has his watchful Boswell, not always, however, weaving a halo but occasionally forging a pronged fork out of the malleable metal of scandal. When a biography is sought, it is sought with the expectation that there will be something quotable in the smoking room, or in other circles of similar seclusion. Nor is the practice of revelation confined to the dead, as in a former age; today the living may wake up any morning and find the world laughing or whispering over the color of his shirts or his misadventures as an occasional Romeo.

WE'RE PREJUDICED

Have you noticed that the world is prejudiced?

We like comedians more than we do tragedians. The world may have a hankering for an occasional good cry, but it prefers smiles through its tears. A dry crust may be good for our souls, but we'd like a little butter and jam on our bread. Delinquents are useful, we prefer a cool wind from the sea. Homely girls may have solid qualities, but we flock around the pretty maidens. It's the way we are.

Your friend may be wise, but he is dull. He may have traveled to every corner of the earth, but all he talked about last night was his appendix operation and what he said to the street car conductor when he didn't stop at the right street. I'm prejudiced against him.

Your friend is a man of sterling qualities, but his handshake is limp and I hold it against him. I'm unfair, I admit, but I can't help it. Your other friends is a lightweight chatterbox, but he's amusing; he's fun to be with and I like him.

The World is Prejudiced. It plays favorites. It has its teacher's pets. It likes Daring, Dash and Audacity. Too often it overlooks Solid Worth to lavish its praise on lads and lasses with Pleasing Personalities. It feels, however, that it gets its money's worth.

It likes Square Guys, Brave Underdogs, Cheerful Fellows, Wagging Tails, Comradely Winks. It's prejudiced in favor of the capable and the strong, whose coat of arms includes a stiff upper lip. Sometimes it flatters ruthless ambition and obeys its imperious command, but it takes off its coats, lights its pipe and feels at home in the house of quiet people who ever wanted much and didn't get much either. It's prejudiced and can't help it.

Is Optimism shallow? The world likes it. Is Hope a vain dream and Faith the creed of despair? The world has faith in both.

Is Courage futile? Hang on, Hang on, crying the words in admiration.

Chuckling babies, laughing lads, strong men and women—these win the love of the world. Is that world unfair when it gives so much to those who do not need it? Perhaps, but it can't be helped. The world is prejudiced. I am prejudiced. So are you.

The World AND THE Mud Puddles

FINE IF TRUE Dr. F. Metzler, ship's physician on the liner Hamburg, has for the past 25 years been prescribing a drug called "vasano" which has been found efficient in relieving sea-sickness.

Dr. Metzler found that if vasano was administered early enough, it invariably prevented seasickness even in passengers who habitually suffer from it while at sea. Vasano, administered in conjunction with a soporific, Dr. Metzler also found efficacious. He considers hypodermic injections the ideal form of administering the drug.

If Dr. Metzler had really discovered a specific preventative for malaria he has found something which the physicians of the world have long sought.

THE PRICE OF LOVELINESS She put her prettiest raiment on And ventured down the street. Her charms were good to look upon, Her ankles, trim and neat.

She was lovely sight to see, So beautiful and fair And radiant with youth was she That all men turned to stare.

Policemen eyed her up and down As she went tripping by The ugliest loafer in the town Upon her cast his eye.

Some leered, some winked, the bold-est said Words audible in praise, Where'er she went it was to tread Where bold men stood to gaze.

She minded not the well-dressed few Whom she was pleased to please, But stared at by the motely crew She could not be at ease.

'Twas difficult to keep her poised Where all men's glances fall, Nor could she see why butcher boys Should look at her at all.

Capone Believed Weakening When He Seeks Compromise

Chicago Gangster's Proposal For Deal Permitting Him To Continue In Liquor Business Results In Demand For New Measures

While Al Capone is looked upon as a victor over his rival gangsters in Chicago, his proposal for a compromise with the forces of law, in the opinion voiced by many who consider a sign of weakness, is being given up the "labor racket" is coupled with demands for stronger measures in dealing with gangs. Some even urge using armed forces.

"It is encouraging," thinks the LOUISVILLE COURIER-JOURNAL, "to learn that Capone acknowledges that the law at last intercepts an obstacle to his complete domination of Chicago politics." The NEW LONDON DAY feels that there "is hope for Chicago," recalling that "heretofore Capone obviously enjoyed immunity in all his rackets," but heretofore Capone obviously enjoyed immunity in all his rackets, but "evidently he is being troubled just enough to satisfy himself with half a loaf," and predicting that "the police, discovering his troubles, may one day even make that half-loaf distasteful to the racketeer."

The MINNEAPOLIS STAR advises that "the authorities should capitalize, without delay, on the hinted weakness."

"Al's offer probably means that he is tired of paying for protection," suggests the BALTIMORE SUN, with the comment on Chicago conditions: "The worst of it is, nothing that has happened in Chicago lately justifies one in denouncing Capone for insulting the city. It would also be rash to predict that Chicago will even affect to feel insulted by this cool proposition to surrender civil authority in exchange for an immunity already enjoyed. It would be gratifying if Al Capone's amazing brass should start a movement to put Chicago on a sound, honorable basis. But nothing of the sort is likely to happen."

"The trouble is," in the judgment of the ST. PAUL PIONEER PRESS, "that the underworld often is interlocked with law-enforcement authority, so that it is hard to say where the one leaves off and the other begins. The greater enemies of society are not the Capones but the corrupt officials and dishonest politicians who make the Capones possible." The MIAMI DAILY NEWS suspects that "the only difference between this deal and innumerable others he has made with public officials is that this one failed and was revealed." The DAY-ENPORT DEMOCRAT agrees that "organized crime has been closely hooked up with politics," while the NEW BEDFORD STANDARD, although declaring that the courts "stinging rebuke is the one encouragement of the extraordinary," holds that "it emphasizes the helplessness of the law—at least in Chicago—as against those who are organized to trample upon it."

"He feels that he has risen above the law," concludes the ST. LOUIS TIMES, while the NEW YORK WORLD states: "Chicago must deal with its gunmen with the weapons of the law, or paint out the I will upon the shield of wood, not steel and iron, in its place. I can't."

The DANBURY EVENING NEWS adds: "Chicago, to date, has answered only 'I can't,' and is living up to those weasel words."

"For brazen effrontery," says the ROANOKE TIMES, "Capone's offer caps the climax and it is to Judge McGorty's credit that he promptly declined it and informed Capone's emissary that he would not bargain with the gangster. Originally brand-new, Capone must not be allowed to dictate terms to the law. If he is bigger than the organized forces of society, he will triumph and continue his lawless career. But that is unthinkable. There is only one possible answer that Chicago can make to Capone's insolent offer, and that is a stern and emphatic 'No.'"

The issue presented in the opinion of the ASHEVILLE TIMES, "is far more important to the preservation of American institutions than any issue in the political campaign just closed." The AKRON BEACON JOURNAL records "the nation's own judgment that it needs another Theodore Roosevelt to give effect and custom to the enforcement of its laws," and the SAVANNAH MORNING NEWS is convinced that "there ought to be, by this time, a rising of public sentiment against this sort of breaker of laws as would make it easy to put him where he belongs." The MORGANTOWN DOMINION-NEWS advises that "a good detachment of Marines, under some leader like Smedley Butler, might show the gangster a few tricks, and beyond a doubt the Marines would enjoy it."

The HARRISBURG TELEGRAPH warns that "the inevitable reaction to this sort of breaker of laws to the vigilante days in Montana."

"We wonder if Capone has not suggested a practical solution for the crime problem in this country," says the KANSAS CITY STAR in satirical vein. "How about holding a special municipal election to choose a board of negotiators having full powers to deal with gangsters and surrender the city to them on the best terms obtainable?" The action might require a constitutional amendment, but no doubt Capone would assist in getting it adopted. If the Chicago experiment were a success, it might well be copied elsewhere. In return for an understanding that kidnappers would neither be treated nor prosecuted, the gangsters might be willing to establish a "maximum" ransom for the common "under an agreement allowing them a free hand in bank robbery."

Eventually, indeed, the gangsters might be induced to accept a regular city tax and give up their illegal activities. The crime problem would be solved. Obviously Justice McGorty did not fully appreciate the immense possibilities of Capone's offer."

"The people should be thankful that he is willing to make a compromise with the forces of law and order, and does not insist upon the unconditional surrender of those forces," is the satirical comment of the MEMPHIS COMMERCIAL APPEAL. The CLEVELAND PLAIN DEALER adds: "We only wonder that he thinks it worth while to make such a proposal. Why bother?"

"Something of a sublime farce" is seen by the COLUMBUS OHIO STATE JOURNAL, which makes the statement: "No musical comedy ever offered a more ridiculous situation. When a motion picture which played here recently portrayed the arrest of a 'big shot' and his royal welcome at a penitentiary by the warden, guards and prisoners alike, the audience laughed heartily. We laughed with the rest, but at the situation presented by Mr. Capone's proffer which, in its audacity and startling unreality is somewhat parallel, we haven't the heart to laugh."

"The CHICAGO DAILY NEWS with a picture of Capone 'sitting serene on a throne of human skulls,' points out that he 'has paid to the forces of the law the compliment of undertaking to negotiate with them,' and concludes that "something has been gained now that he undertakes to bargain instead of trying to intimidate or buy."

Many Books Are Circulated From Branch Libraries

Large Gains In Circulation Made In Each Of Five Library Branches In City

A big jump was made in the book circulation at the five branches of the New Castle free public library last month, over October of 1929, Miss Alice M. Sterling, librarian, reports.

Books were checked in and out of the branch library centers exactly 11,215 times last month.

Circulation and the gain at each library branch is as follows: Mahoningtown—3,042—gain of 33 per cent.

Jameson hospital—399—gain of 110 per cent.

New Castle hospital—605—this is first year it has been conducted.

South Side—4,047—gain of 24 per cent.

East Side—3,122—gain of 10 per cent.

Miss Christine Butler, welfare worker, gave her report for the

month of October, having made 84 calls and exchange of 642 books.

The classes have buckled down to work for the winter season and the L. T. L. has been meeting under the leadership of Mrs. W. G. Wilkins of the County W. C. T. U., the English classes are being conducted by Miss Anna Aiken with 14 women enrolled; the beginners sewing class is being taught by Mrs. W. C. Stuart, Christine Butler and June Deip, with 38 enrolled; the girls' Bible class with 23 members, is being taught by Grace Tumblin; the women's Bible class of which Mrs. D. F. Ralph is the teacher is just forming.

The Bible class meeting on East Long avenue and taught by Christine Butler, has ten enrolled and the embroidery circle will have their first session Thursday.

The boys' club met Tuesday evening with a full house and the Americanization committee is more than pleased to have William Thomas of the Y. M. C. A. and the Phalanx club again in charge of the boys.

The one social event of the month was the party held by the Girls' club, in the form of a masquerade party, which was thoroughly enjoyed; the prizes for costumes were won by June Deip, Anna Deip and Helen Davis.

Council Officials To Plan Election

A nominating committee to draft a slate for the annual election of officers of the Lawrence County Boy Scout council will be named when the executive board members gather tonight at council headquarters, Greer building at 7:45 o'clock.

President W. Charles Wallace of Westminster college, president of the board will preside.

Pian Community Christmas Tree

Grove City Commercial Club Will Again Sponsor Tree At Yule Tide

(Special To The News) GROVE CITY, Nov. 13.—At a meeting of the Grove City Commercial Club, held Monday evening, plans were started for a Community Christmas Tree again this year and the decoration of the business street for the holiday season. In addition it was decided to offer a prize of ten dollars this year to the person who would arrange the most beautiful Christmas tree in their yard, decorated with lights arranged for outside lighting.

WOMEN TO MEET
The regular monthly meeting of the Woman's Community Civic Club will be held on Thursday afternoon in the Penn Grove Hotel at 2:30 o'clock. During the program, Miss Ethel Blair of the department of Dramatic Art of Grove City College, will present a reading. The speaker of the afternoon will be Mrs. B. A. Black, who will make her report of the State Federation Convention to which she attended, representing the local club at Scranton, Pa.

HOLESTEIN FUNERAL
Private funeral services were held Tuesday from Black's Funeral Home for Matthew Holestein, 79, who died in the Mercer Cottage hospital after an illness of complications. Mr. Holestein had been a resident of Grove City nearly all his life and was well known and highly respected.

Left to mourn his loss are his son and daughters, R. M. of Grove City, Miss Jessie of Kittanning and Mrs. William McGill of Sharon, two sisters, Mrs. Constance Hadley of Greenville and Mrs. Anna McKernon of Kittanning.

PLAY SHARPSVILLE

The record crowd of the Grove City High School football season is expected on next Friday afternoon, when the local High School team will meet the strong Sharpsville eleven on the local grounds for the home coming game of the season. A special effort is being made by the High School students to have a record crowd on this occasion, and undoubtedly the most interesting game of the season will be played. Both teams are working hard for the contest and much depends of the victory for either school.

Kramer, Head Of Lions Coming To City On Tuesday

New Castle Lions on Tuesday, November 18 be visited by District Governor Daniel Kramer, of Reading, head of all Lions' activity in Pennsylvania. Kramer is known by many locally, having been elevated to his high post at the state convention of Lions here last April.

The district officer will speak at the regular noon meeting of the club in the Elks home. His call next week will mark the first since the convention.

He expects to be present on the preceding evening for a district club rally in the central section. Each club of the central west area will be represented at that time.

Answers to questions on information and fact can be obtained by writing to Central Press Bureau, 1435 East Twelfth street, Cleveland, O., and enclosing a self-addressed stamped envelope. No answers will be given to marital, medical or legal questions, nor will the estimated value of old coins be given.

What is the population of Kansas and Oklahoma, according to the 1930 census?

According to the 1930 census Kansas has a population of 1,879,946 and Oklahoma 2,391,777.

Where is Helen Keller's home and what is she doing at present?

Helen Keller's address is 25 Seminole avenue, Forest Hills, L. I., N. Y. At present she is raising an endowment of \$2,000,000 for the American Foundation for the Blind.

What is the meaning of Halloween and where did it originate?

Hallow-even or Hallow'een is the name popularly given to the eve or night of All Saints, or festival of All Saints, which being the first day of November, Hallow'een is the evening of October 31. The festival is believed to have originated in England and in continental Europe in the harvest festivals of ancient peoples. The custom of cracking nuts, ducking for apples and other harmless fireside revelries has been handed down through the centuries.

What are vitamins?

What is the approximate time required for etching a copper plate to a depth of 1-32 of an inch with nitric acid?

Nitric acid is not used in the etching of a copper plate. A chloride of iron is the substance, and with modern etching equipment a plate can be etched in approximately an hour.

"The development of real estate values in America is always furthered by modern improvements. Only in that way has real estate become one of the premiere factors in America's economic growth.

"It is interesting to me to note that the same principle which dominates the development of real estate holds good in other fields, the principle which you have demonstrated by your use of the Ultra Violet Ray in the toasting process."

Self-Government Wanted In India Will Be Granted

British Crown And Government In Full Accord To Grant India's Desire

DELEGATES WILL MEET ON MONDAY

Following Brilliant Opening By King George Conference Adjourns

By HARRY R. FLORY
International News Service Staff Correspondent

LONDON, Nov. 13.—With the meeting in adjournment following its brilliant opening session in the Royal Gallery of the House of Lords, delegates to the round table conference on India laid plans today for the first business session at St. James' Palace on Monday.

In the wake of the magnificent pomp and ceremony with which the momentous conference was opened by King George yesterday there stood out one salient question.

The opening session revealed that the British Crown and the British government are fully in accord with the demand of India for self-government. They are willing that India shall administer her own affairs, much as the other dominions of the British Empire administer theirs.

The question that stood out could be summed up in two words: "But when?"

This is the issue that will face the eighty-six delegates who meet in historic St. James' on Monday. Brilliantly caparisoned Indian princes of fabulous wealth, bearded Brahmins, Hindu and Moslem scholars and leaders of thought and even representatives of India's lowest caste—the untouchables—will unite in asking, at the earliest opportunity, when Britain will be prepared to grant this self-government which has been striven for so long.

Will Not Temporarily

It is almost a foregone conclusion that the Indian delegates will not temporarily. They will submit argumentation in support of their contention that there is only one time to grant this concession to India's three hundred millions of population. And that time is the present.

Just what Britain's answer will be cannot be ascertained. The Indian delegates will be asked to consider the reports of the commission headed by Sir John Simon and of Lord Irwin, British Viceroy in India. They will be asked to give patient and clear-minded thought to all possible angles of the situation; and to decide among themselves just what the foundation shall be on which India's new status in the British Empire will be.

Open Rebellion
For that a new status will evolve from the conference is a fact beyond all shadow of doubt. Many political observers see open Indian rebellion as the only alternative to a self-government compromise, and there are some who express keen anxiety as to whether even this will suffice to bring India's flaming content to an end.

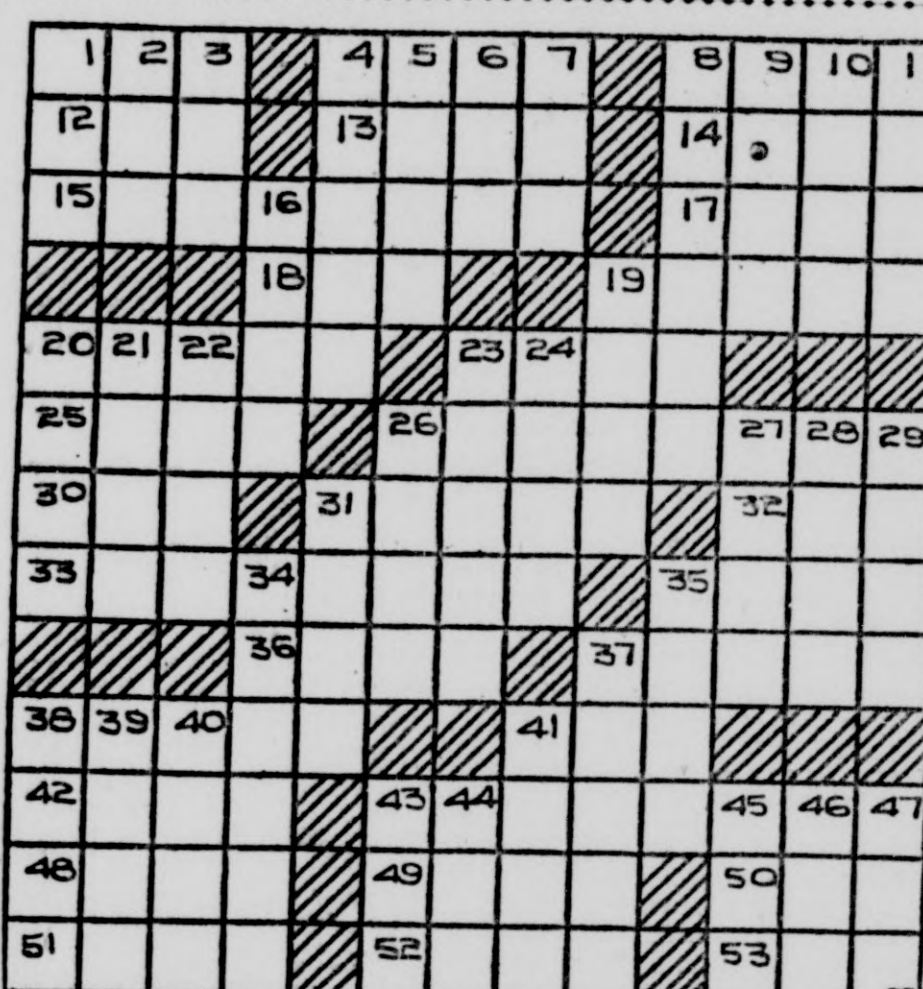

The Indian delegates attending this conference represent virtually every school of political thought and social cast but one. That one is the extreme "element" headed by Mahatma Gandhi, whose members refused to participate in the conference and have definitely repudiated its aims.

Face Double Task
No matter what the outcome of the conference may be, it can be safely assumed that the Gandhi-ists will remain unsatisfied. They demand complete independence from the British Crown. Complete severance of all ties between the East and the West.

It is the Indian delegate themselves face a double task. It is to evolve a form of government which will enable them to enjoy Britain's protection as part of the Crown's far-flung empire, and at the same time obtain sufficient self-preservation to satisfy, at least partially, the extremist demands of Gandhi's millions of followers. No more difficult task has ever faced the men in whose hands lie the destiny of India.

Peter's Adventures

BUSY IS BUSY
Had he lost his way? Because of his stupidity he was he and his friends the Black Ants, doomed to be caught by the enemy Red Ants in a trap? At the very thought Peter's heart skipped a beat. His blood beat like triphammers in his ears. If he was in the wrong place where should he go from here? Peter didn't know. He decided to call Busy again. Maybe this time his friend would hear and come to him.

"Busy! Haloooooooooooo! Busy!" Peter cupped his hands over his lips and his cry rang through the dusky corridors. Peter never forgot how he felt when the answer came back. "Halooooo! What news have you, boy?"

For a second Peter could not get his breath, then he shouted at the top of his lungs for Busy had sounded far off.

"Bad news! The Red Ants are winning!" "Stay where you are. I'll be right up from the dairy," replied Busy promptly. Almost before that ant had finished speaking, she stood before the boy.

"Tell me all, quickly!" Busy demanded. And Peter repeated the message of the wounded ant.

"It's no more than I feared!" Busy wasted no time in sympathy on her tribe. Nor did she act as though she were frightened. It was not Busy's way to think when they should act.

"When you arrived I was down in the dairy seeing to it that my scouts were herding the cattle to safety and clearing out the passages so that if the Nurses and babies should have to seek safety in flight, they can use this underground channel."

Revival Service Continues Tonight
The revival campaign being waged in the Wesleyan Methodist church on Lyndal street will continue all this week with services nightly at 7:30.

Rev. E. R. Dodds of Charles City, Iowa, is the speaker and is bringing soul stirring messages each night. Special music features each evening's service.

TOWN NEWS
Several men and boys of the Presbyterian church spent the morning of Armistice Day in tree-planting around the church. Pine trees were planted in front, oaks, maples, and cucumber trees along the sides of the lawn. The appearance of the church property has been much improved with the trees, and it is hoped by all who helped that these trees will take root and grow. Those planted two years ago died.

HIGH SCHOOL NEWS

THE man who scorns good grooming makes a big mistake. Torn fingernails, cracked and grimy hands, a careless shave or an unclean skin, spoil a man's chances for success.

A clean healthy appearance is worth everything. And you need only one simple, old-fashioned familiar preparation to have them all. "Vaseline" Petroleum Jelly. You'll probably find it right in your bathroom. If not, get a tube or jar from the nearest store.

To keep the hands in good condition, scrub with a stiff brush and soapy water. Then apply "Vaseline" Jelly liberally and massage your hands (exactly as if you were washing them). Work the Jelly into the base of the nails. Then wipe off and wash quickly. Your hands will emerge looking clean and fresh, like the hands of an executive, not a day laborer.

In the morning apply a film of "Vaseline" Jelly to the face before lathering. It not only gives you a clean, close, comfortable shave, but it cleanses the skin. Improves its texture. Try these two simple things.

Prayer Week Talk Heard By Phalanx

Rev. G. S. Bennett, Downtown Minister Appears Before "Y" Fraternity

Prayer was treated from a variety of angles in the talk which the Rev. G. S. Bennett, local minister delivered at a meeting of the Phalanx fraternity, "Y" young men's organization, in the Y. M. C. A. last night. About 25 fellows were present to hear him.

Discussing the beginning of prayer, which he said is about in primitive tribes long before the advent of Christianity, Rev. Bennett delved into and spoke interestingly on the different phases of the subject. In closing, he emphasized the psychological as well as practical value of prayer.

The fraternity completed plans for a second initiation program, to be held Wednesday, November 19 at Camp Fred Rantz. William Wallace and Philip Winter were voted into the membership last night.

Rev. Bennett, the speaker of the evening is pastor of the First Christian church downtown. His message was appropriate for "National Prayer Week" which the national Y. M. C. A. is observing this week.

Single Women Get Work Preference

Wives Whose Mates Have Jobs Stir Protests In Nation

NEW YORK, Nov. 13.—Employers in many sections have adopted a policy of giving preference in jobs to unmarried women rather than employing women whose husbands already are earning salaries, a survey today showed.

Firms here are checking all applicants on the number of employed persons in the families with the idea of distributing jobs among as many families as possible. They find that in many cases it is advisable to employ married women because the women's husbands are unable to obtain work.

To End a Cough In a Hurry, Mix This at Home

To end a stubborn cough quickly, it is important to soothe and heal the inflamed membranes, get rid of the germs and also to get the system inwardly to help throw off the trouble.

For these purposes, here is a home-made medicine, far better than anything you could buy at 3 times the cost. From any drug-gist get 2½ ounces of Pinex. Pour this into a pint bottle, and add plain granulated sugar syrup or strained honey to fill up the pint. This takes but a moment, and makes a remedy so effective that you will never do without, once you have used it. Keeps perfectly, and children like it.

This simple remedy does three necessary things. First, it loosens the germ-laden phlegm. Second, it soothes away the inflammation. Third, it is absorbed into the blood, where it acts directly on the bronchial tubes. This explains why it brings such quick relief, even in the obstinate bronchial coughs which follow cold epidemics.

Pinex is a highly concentrated compound of genuine Norway Pine, containing the active agent of creosote, in a refined, palatable form, and known as one of the greatest healing agents for severe coughs, chest colds and bronchial troubles.

It is guaranteed to give prompt relief or money refunded.

Coughs from colds may lead to serious trouble. You can stop them now with Creomulsion, an emulsified creosote that is pleasant to take. Creomulsion is a medical discovery with two-fold action; it soothes and heals the inflamed membranes and inhibits germ growth.

Of all known drugs creosote is recognized by high medical authorities as one of the greatest healing agencies for coughs from colds and bronchial irritations. Creomulsion contains, in addition to creosote, other healing

CREOMULSION FOR THE COUGH FROM COLDS THAT HANG ON

elements which soothe and heal the inflamed membranes and stop the irritation, while the creosote goes on to the stomach, is absorbed into the blood, attacks the seat of the trouble and checks the growth of the germs. Creomulsion is guaranteed satisfactory in the treatment of coughs from colds, bronchitis and minor forms of bronchial irritations, and is excellent for building up the system after colds or flu. Money refunded if not relieved after taking according to directions. Ask your druggist. (adv.)

Arrest Two For Attack On Road

Charge Stone Hurling Into
Car And Motorist Later
Attacked

Frank and David Allen, uncle and nephew, Butler, Pa., will be given a hearing by Alderman William E. Marshall here this afternoon on charges of aggravated assault and battery and violation of the state liquor law. They were arrested yesterday in Washington township by County Detective "Peck" Lee and State Policeman Hennebeck.

According to the state policeman David Bruce, Scott township, who is a student at Slippery Rock State Teachers college, with companions was motoring along the Harlansburg road to New Castle yesterday afternoon.

Five miles out of New Castle the car was about to pass the Allens when it is alleged a stone or some other obstacle was thrown through the windshield. The Allens, it is alleged, were walking and were drunk.

Bruce turned the machine around and went back and, it is said, was attacked by David Allen. The latter, according to Allen's story to the police, wielded a whiskey bottle. The bottle made a jagged wound in Bruce's forehead which required several stitches to close and also tore the cartilage in his nose. Bruce was treated by a doctor at Plain Grove.

The Allens went on their way and the state police and county detective were notified. The violence alleged occurred at 2:30 p. m. and the officers searched until 5:30 p. m.

They found the Allens along the Perry highway in Washington township and brought them to the county jail. The officers claim that each had three bottles of whiskey in their possession when arrested.

Maybe heart trouble just seems to be increasing because the family physician hates to say bad liquor did it.

Y. W. C. A. Notes

Institute Committee.

International institute committee members are meeting this afternoon in the social room of the Y. W. C. A. All members of the committee were asked to meet there at 2:15 p. m.

Mothers Club.

The Mothers club of the International Institute for Foreign Women will meet in the Y. W. C. A. building this evening.

Advisors Meet Tonight.

The Girl Reserve committee and the advisors of the various Girl Reserve clubs will meet this evening in the G. R. office of the Y. W. C. A. building for an advisors' training course.

Miss Hazel Belle Withrow of Pittsburgh, prominent in Girl Reserve work, will be in charge of the course.

Tennis Lessons.

A number of calls have come to the health director, Miss Caroline Streeter, in regard to having tennis lessons in the Y. W. C. A. gymnasium each week. Tennis is evidently a popular sport among local women and many desire to learn the fundamentals of the game.

Miss Streeter has consented to instruct two tennis classes a week and women who desire instruction are asked to call the "Y" to make arrangements.

All equipment will be furnished by the physical education department.

Board Meeting.

Board members will meet in the building on Tuesday evening of next week, it is announced.

Swimming.

Miss Caroline Streeter, health director, announces that any woman or girl of New Castle desiring to enjoy weekly swims in the George Washington junior high school pool, should call Miss McNeese, who is in charge of arrangements for swimming. The telephone number is 2088-R. If there are around 30 women interested, a swimming class will be formed.

Roller Skating.

Roller skating was started this week in the gymnasium and so far has proven very popular with those who have tried it. The gymnasium makes an ideal skating rink, when the floor is treated with whitening, and members of the various gym classes have been trying it out after classes. Hours for skating are: Monday—From 2 to 4 in the afternoon and from 5:30 to 7:30 in the evening. Tuesday—From 2 to 4. Wednesday and Thursday—11 a. m. to 1 p. m.

Basketball.

Basketball is now under way at the Y. W. C. A. and already one team has been organized and in a very short time there will be a regiment of girls' basketball teams. The Wesleyan Methodist team meets on Wednesday evenings.

Reserve Meeting

Interest groups of the senior high school Girl Reserve club will meet on Monday, November 17.

Miss Caroline Streeter, one of the interest group leaders, announces that any members of the club who wishes to do some roller skating in the gymnasium on that evening may do so if they come 30 or 40 minutes before the meeting.

More roller skates were received by the Y. W. C. A. this morning and there will probably be enough pairs for all.

Pack Seals

Senior and junior Girl Reserves met in the office of the Lawrence County Tuberculosis Society on Wednesday evening to fold Christmas seals, place them in envelopes, address and prepare each letter for mailing.

The seals will probably be all packed in a day or so. The Girl Reserves are doing much for the community, in their various projects.

Moravia Street Smithy Survives In Auto Era

While a News man was traversing Moravia street he was attracted by an odd sound which echoed from one side of the street to the other. Upon investigation the writer found the business place of I. Ginsburg one of the oldest blacksmiths in town, located at 1123 Moravia street.

There the blacksmith who has been in the business for over 20 years was busy engaged fitting a pair of horseshoes for one of his horse customers. He was a very busy man but found time to talk for a few minutes. He said the blacksmith business is not the same as it used to be some 20 years ago.

In one month he shoes close to 30 horses. Some 15 or more years ago

he took care of 15 to 20 horses a day. This is one of the differences in the business today. He said that in old days he can remember the times when he worked all night to accommodate the many farmers who brought their horses to be shod.

Years ago when horses were numerous the blacksmith was a busy man at the start of winter. The horse shoes had to be sharp shod in order to prevent the shoes from sliding.

The Slaton smithy also repairs wagons of all kinds. But now with the automobile taking the place of the horse and wagon repairing wagons is not so good either, as a business.

Gives Ruling On Different Forms Of Compensation

Director Of Veterans Bureau Endeavors To Clarify Status Of Applicants

Under decisions recently handed down by the Director of the U. S. Veterans Bureau in Washington, the matter of disability claims under the two existing laws are somewhat clarified, according to information received by the Lawrence County chapter, American Red Cross.

Under the ruling, a claim for disability compensation, filed before or subsequent to July 3, 1930 may not be considered as a claim for disability allowance. A claim filed for disability allowance filed subsequent to July 3, 1930, may not be considered as a claim for disability compensation.

These decisions make it doubly important that a veteran file both Form 526, claim for disability compensation, and form 526-c claim for disability allowance, if there is any question as to whether or not the disability he was suffering from was caused by his war service.

If the disability is clearly of civilian origin; that is because of an automobile accident or any injury suffered since discharge from service, he should file only Form 526-c.

Disability Compensation is still being awarded to veterans who can prove their disability was existent prior to 1926 and was of service origin.

Disability Allowance is the allowance provided for under the new law which went into effect July 3, 1930, and which provides compensation for all veterans who cannot prove service origin for their disabilities.

GARDNER NEWS

Rev. George I. Grambs, Rector of St. Andrew's Episcopal church in New Castle, has preached two excellent sermons at Gardner chapel, and will preach next Sunday afternoon at three o'clock. As Rector Grambs has accepted a call to a church in New Jersey, and will begin his work there the first of December, he can only be here the remainder of this month.

Honorable S. L. Chessman, of Slippery Rock, and Mrs. Chessman, visited their relatives at Gardner, last Saturday afternoon.

Last Saturday morning Mr. and Mrs. Samuel Hunt, Mrs. Ada Gillespie, and Mrs. Olive Eakin, all of Harlansburg, visited a while with old friends at Gardner.

Mr. and Mrs. A. H. Robb of Gardner entertained a number of guests last Sunday. Their parents, Mr. and Mrs. F. M. Robb, Mr. and Mrs. A. C. Robb, and children, Frank Lois, and Carol, Mr. Kenneth Robb, all of Butler, and Miss Marjorie Davidson of Evans City.

Mr. and Mrs. Leslie Eakin, of New Castle made a flying trip to Gardner on Monday evening, bringing a generous bag of pears, the gift of Mr. and Mrs. Robert McFarland of Grove City, to old friends.

Mr. and Mrs. John Kirkwood, Mrs. Lavina Wimer, and Jack, and Robert, all of Gardner, spent last Sunday at Aliquippa, at the home of Mr. and Mrs. Harrison Kirkwood.

Mrs. Hayes Baader of Rose Stop and her daughter Thelma, Elsie, and Eleanor, went to New Castle on Tuesday to see the parade.

Mrs. George Morgan of Rose Stop is spending this week with her cousin, Mrs. Osborne of Ellwood City.

Mrs. Anna Ragocsek of Gardner, spent two days with friends in New Castle.

Mr. and Mrs. John Morrow of Gardner, and Justine, Sally Lou, Elmer Charles, and Jackie, were dinner guests of Mr. Morrow's parents, Mr. and Mrs. E. C. Morrow of New Castle, on last Sunday. In the afternoon they all went to see that strange place on the Perry highway, beyond Sheakleyville, where a truck sank into the earth until it is now down ninety feet. The state is spending a thousand dollars a day it is stated, trying to build a hard road thru the swamp.

Mrs. Fred L. Beck, of New Castle went with the family of her brother on this trip.

Mr. and Mrs. Frank M. Hay, of Gardner and Virginia, Dorothy, Marian, Louise, Bobby, and Mildred, all went to New Castle on Tuesday to see the parade.

Mr. and Mrs. Wilson Stewart, of Baldwin Stop spent Monday evening at the home of Omar Moyer who has been ill for some time. Bert Wiley of Spring Hill is quite ill with heart trouble.

Mr. and Mrs. Floyd R. Stutzinger of the Savannah road are entertaining for a visit of two weeks, the latter's brother, Forrest Walters, of Tionesta and sister Mrs. Shraer and daughter Opal of Oil City.

Mrs. John Henderson of Moravia Stop, visited her sister and husband, Mr. and Mrs. Philip Moore of Gardner last Sunday. The Henderson children, Alberta, Norman, and Merrill came with their mother.

Mrs. T. J. Robinson of Portersville, came last Sunday to the home of her son, Mr. and Mrs. L. A. Robinson of Gardner. As Mrs. Robinson Sr., had three sons in the late war, she was anxious to see the parade on Tuesday, so Mr. Robinson, his mother, his wife and the children, Lauretta, David, Flora Guesie, Harold, Edith and Donald all went to see the parade, and later went to see the Rodeo, where Sergeant Percy Knight and Henry Robinson, have charge of the horses belonging to Troop F. Although all of the Robinson boys lived to come home Clifford Robinson is an invalid and totally disabled.

Mr. and Mrs. Norman Walker of Gardner made seventeen little folks happy last Saturday by giving a very pretty party in honor of the sixth birthday of their daughter, Maxine. The hours were from 2:30 to 5:00. The living room was tastefully decorated in pink and white and the colors were carried out in the refreshments. Mrs. Myers, Mrs. Edward Earl, and Miss Malinda Walker assisted Maxine's mother in directing the games and plays, and in serving. The day was so pleasant that the children were delighted to play out of doors where they could run and shout to their heart's content. A favorite game was Farmer In The Dell, with London Bridge as a close second, and Ghost in cellar, and several others were not slighted. Running, laughing, chatting, a merry group they were, and greatly enjoyed the refreshments which were served to the following, Mary, Elizabeth, Helen, and Alexander Cico, William Earl, Clifford, and Dale Robb, Irene and Sally Lou, McConahy, David, and Flora Guesie, Robinson, Louise, and Robert Hay, Gladys Moore, Helen Walker, Norman Walker, Junior, and the honor guest, Maxine Walker who received many pretty gifts from her little friends.

Mr. and Mrs. Essl Black of the New Castle-Ellwood road visited the latter's brother and wife, Mr. and Mrs. W. J. Hartzell in Pittsburgh, last Sunday. Robert, George, Dorothy and Marian Black went to the city with their parents.

Special Music Features Service

A special feature of the revival services being held in the Primitive Methodist church Wednesday evening was the singing by a trio of little boys, Richard, Charles and Junior Ashton. Miss M. Blight also gave a solo number.

The message of the evening was brought by the pastor, Rev. W. C. Pyrell, who used as his subject "Perfect Love Casting Out Fear". This evening the mothers' class will

New Supervision Of Veterans Homes

Headquarters for all U. S. Homes for disabled veteran soldiers have been moved to Washington, D. C., as a part of the consolidation under Veterans' Administration, according to word received by Secretary Orville Potter of the Lawrence County Chapter, American Red Cross.

All correspondence formerly conducted with the Governor, National Military Home, at Dayton, Erie, or other cities, must now be addressed to Colonel C. W. Wadsworth, Director, Bureau of National Homes, Veterans' Administration, Arlington Building, Washington, D. C.

Street cars discarded in Chatham, England, owing to increased auto traffic in the streets, are being sold for as little as \$25 for use as bungalows, sports, pavilions and chicken houses.

Vets And Ladies At Installation

Big Delegation Accompanies
District Commander
Bell To Rochester

Members of the Harry L. McBride Post, Veterans of Foreign Wars, and their Auxiliary accompanied District Commander James A. Bell to Rochester, Pa., last evening, where Commander Bell installed post officers.

A joint installation service was held, which was conducted most capably by the installing officers of the two units.

After the installation, a program was carried out, the "Kazoo" band of the Ladies Auxiliary of the McBride Post receiving a big hand for the entertainment they staged. Later a sumptuous feed was enjoyed, which had been prepared by the Rochester Ladies Auxiliary.

There were 35 members present. Commander John Storer, heading the post delegation, while Mrs. Orylle Potter headed the Auxiliary delegation.

Col. J. F. Leaf of Rochester was a special guest and gave a brief talk.

Mrs. Minnie Kelly of East Liverpool, past president, gave splendid talks in the afternoon on the work of the lodge and its various departments.

A banquet was served at 6:30 and the tables cleverly decorated in pink and green formed a pleasing background for the delicious menu served.

Following the banquet an evening session ensued and the various lodges exemplified the different branches of the work. The local lodge, Rachel Rebekahs 40, put on the memorial work and the Enon Valley, Arwilda lodge 556, exemplified the Rebekah degree.

Miss Kitty Lewis, a daughter of Sir Herbert Lewis, a British baronet, who has been a missionary to India for several years, is now touring America and speaking to the Welsh people on "The National Student's Movement."

Miss Lewis will be heard Sunday evening at 7:30 in the First Congregational church.

Hickory Heights P. T. A. To Meet

Members of the Hickory Heights Parents-Teachers Association will meet Friday evening in the school building for the regular meeting and it is expected all parents of the pupils will be in attendance as an excellent program has been arranged.

Mrs. Carrie Jefferies Roberts will be the speaker and a pleasant evening's entertainment is assured.

Requiem Mass Is Held This Morning

A solemn high requiem mass was celebrated in St. Vitus church this morning by Rev. Fr. DeMita in memory of Mrs. Victoria DeCarbo, who died a short time ago.

The mass was sponsored by members of the Semper Fidelis Club and was well attended by the members and friends of the deceased.

Pi Rho Phi To Have Dinner For Alumnae Members

Special to The News

NEW WILMINGTON, Pa., Nov. 13.—Saturday afternoon of this week will mark the regular fall bridge luncheon of Pi Rho Phi sorority active members, according to Miss Louise Adams, New Wilmington, president of the active chapter.

Graduates and under-graduates of the sorority will gather at Gimble's in Pittsburgh for the affair. It is thought that there will be 40 or 50 in attendance at the meeting.

Pi Rho Phi sorority the oldest of the Westminister women's organizations, has a large alumnae membership due to the fact that for a number of years before sororities were organized, the organizations existed sub rosa.

Announce Supreme Master De
Silvestro Will Attend
Anniversary Fece

Last arrangements are being made for the two-day celebration, November 29-30, when Sons of Italy, Lodge Trionfo Italiano No. 1,171 of New Castle will celebrate the eighth anniversary of its birth.

Distinguished officers of the national lodge will attend the fete. The chief speaker, according to announcement, will be Supreme Master Giovanni De Silvestro, Judge Eugene V. Alessandrone of Philadelphia, a grand master, will be another guest.

The first day of the affair will include a dance in the King Humbert hall, East Division street, and the initiation of young men into a junior order of the Sons of Italy. A banquet in the Castle beginning at 6 p. m. on November 30, will end the celebration.

William Del Rosso is the chairman of the committee of arrangements. Antonio Costa is the president of Lodge No. 1,171.

Old Sore Ten
Years Old! Healed

For over 30 yrs. the healing and soothing power of Peterson's Ointment has quickly banished old sores of long standing—has brought instant comfort to folks suffering with piles, itching skin, burns—has eradicated worst pimples, blackheads and Eczema in just a few days.

And one 35 cent box of Peterson's Ointment at any drugstore proves it—even one application convinces you've at last discovered a wonder-working Ointment which won't fail to give you results you want.

Mrs. Fay Korenchuk of Chicago, Ill., writes: "I am 24 yrs. old and had a running sore over my ankle for over 10 yrs. I tried treatments and salves but failed to heal it. Then I got a box of Peterson's Ointment and in 5 days' time it was healing and very shortly the sore disappeared."

Passenger Business
Showing Increase

A seasonable increase in passenger travel on the various railroads passing through this city is now noticeable with the beginning of colder and unfavorable weather, which comes with the fall and winter season.

This increase is due to the fact that many who during the more favorable weather conditions, use

Record Increase Shown By V. F. W. In Membership

Records Show National Organization Took In 20,000 New Members Last Year

LOCAL POST HAD PART IN GAIN

According to reports received by Commander John R. Stoner of the Harry L. McBride Post, Veterans of Foreign Wars, more than 200 new posts were organized during the past year, while the organization showed a new gain of 20,000 members.

The local post had a part in this big gain many new members being added to McBride post during the past fiscal year. This gain is expected to be added to during the balance of 1930 and 1931.

"Except for the brief period following the Armistice," declares Adjutant R. B. Handy, Jr., "the year 1929-30 shattered all membership increase records in the history of the organization."

"Business depression has apparently had no effect on the growth and development of the Veterans of Foreign Wars. The manner in which the overseas veterans are flocking to the colors of the V. F. W. is splendid evidence of the appreciation these men hold for the legislative achievements in their behalf, made possible by V. F. W. endeavors."

An intensive membership campaign will be inaugurated by the McBride Post at once in an effort to further increase their membership.

BEAVER TOWNSHIPS

GRANGE MEETING

Big Beaver Grange Hall was a scene of a happy gathering on Tuesday evening November 11.

At 7:30 p. m. a delicious dinner was served to the members of the Big Beaver Grange Ladies Club and their families in the dining hall.

Following the dinner, while all was still seated at the table, the business meeting was called to order by the new president, Mrs. Joseph Wilson. Minutes of the last meeting and also the last meeting of the third year since the club's organization was read by the retiring secretary Grace McHattie.

Treasurer's report was read by Mrs. J. A. Harbison. The secretary, Mrs. W. G. Foster read the list of committees of the year beginning November 11, 1930 to 1931. Following the business meeting, an interesting program was presented which included pep singing and readings. Jokes, toasts, toast to the Ladies Club by Mrs. J. C. Brittain and also Mrs. W. B. McGeorge, the latter having not missed a day since the club was organized.

Toast to the men, Mrs. James Beatty. Toast to the ladies, John W. Bronson.

Roll call. What I'm most thankful for—was answered by both men and women.

All reported a most interesting evening. A red letter night.

Meeting adjourned to meet Tuesday afternoon, December 9, at 1:30 p. m. Mrs. Joseph Wilson, president. Mrs. Willard Foster, secretary.

DON'T punish a child unless you are sure you should. When in doubt, do nothing. When you are all worked up emotionally, you are hardly sane enough to know whether you should punish or should not. You are nearly crazy then, maybe entirely so—unfit to choose, unfit to administer punishment. You may then be no better than a brute. That is the time to do nothing but cool off. When you are unable to think calmly and clearly you are not capable of punishing effectively. It is a better way to plan ahead (dad and mother together), and know hours and days before there arise situations when punishment might seem necessary, and to decide beforehand the kind of things for which you will punish, and exactly how you will do it—and to let yourself do no other punishing.

Don't, therefore, punish as a last resort, when, for example, you are so puzzled and overwhelmed emotionally that you don't know what else to do. At such time you are neither capable of deciding nor of punishing, neither is the child then likely to profit from punishment. Don't make punishment a matter of personal feeling. If the child is resentful following punishment there has been something wrong about your procedure.

Don't punish on the installment plan. Don't draw it out over long or indefinite periods of time. As soon as it is finished breathe, speak and act as if nothing wrong had happened, and drop the matter then forever. Don't use cumulative punishment. Punish only for a specific offense, not for a series of them.

Don't trust in punishment which doesn't soon bring results. If you have punished over and over for the same offense you know you have been wrong. If you must punish a child several times a week you need to look for your mistakes. If one of a family of several children is punished noticeably more frequently than the rest, don't continue in your course. You have erred somewhere.

Don't punish the child for his hard luck.

Don't use as punishment what you want the child to like. (Such as going to bed.)

Don't use your tongue as punishment.

Don't, in the home, employ the "indeterminate sentence." Let him go to his room, or sit in a chair for 15 minutes, for example, by the clock, and not "until he is good" or promises never to do so again.

Don't employ shame and ridicule.

Don't punish a child just because some other person thinks you should.

Don't punish a child on his own testimony or on the testimony of another child.

Don't wobble; don't punish at one time for what you overlook at another time.

Don't punish at all unless you can make it always following the offense. There must be no exceptions.

Don't punish to promote; merely to prevent.

Don't punish a child beyond the age of three or four upon the first offense. Merely define the nature of the offense and state the penalty upon its first repetition. Then don't be a liar.

What do you think about these don'ts?

Don't punish to show off.

Don't punish a child on his own testimony or on the testimony of another child.

60% of your Coffee flavor is VANISHING into thin air

unless it is kept for you
this Thermo-fresh way

AS SOON as coffee is roasted, it begins to lose its glorious fresh flavor . . . And instead of seeping away slowly, unnoticeably, coffee flavor rushes out so rapidly that 60% of it is gone only nine days after roasting. The only way to stop this flavor waste is to seal coffee in airless tins immediately after roasting.*

Oven-fresh White House flavor is much too wonderful to be wasted, so we seal it at once in the Thermo-fresh tin.

This Thermo-fresh Coffee will give you a new taste thrill. White House has always been famous for flavor. So just imagine how it tastes with 60% more goodness locked up in this flavor-tight package for you. Your grocer now has White House Thermo-fresh Coffee. It costs a little more than ordinary coffees, pound for pound, yet flavor for flavor, it's less expensive. Dwinell-Wright Company, Boston, Chicago, and Portsmouth, Virginia.

Coming-Of-Age Fete For Boy Scouts In February To Be Celebrated Locally

If the contemplated plans of Lawrence county's Boy Scout leaders work out, scouts themselves may take over the reins of New Castle and Ellwood City's public offices for a day next February when the 21st anniversary observance of the Boy Scouts of America takes place.

Tentative details for a week of continual celebration, with special troop programs, district mobilizations, a big camp reunion and dinner and other civic demonstrations as features were given attention recently at a meeting of the leaders.

Heading up arrangements for the anniversary early next year will be Scout Leaders: Ed Schmid, Jack Pearson, James Gwin, Harold Burns, Earle Herbert, Mac Crosby, Sidney Smith and Commissioner R. F. Davis.

Benefits of the present troop efficiency contest were also discussed, and seemed to get the hearty approval of council chiefs. Trophy winners will receive them at the February anniversary dinner in the presence of city notables. The cups are to be defended annually.

The uniform question once more came up, and the council office introduced a plan whereby it would help in this. It was also agreed up-

on to have each troop construct three suitable feeding stations, and keep them supplied during the winter months. County Commissioner Davis will get in touch with wild life associations to learn just what type of feeding stations should be built. The leaders voiced a need for small pamphlets containing general information of certain council work. It might include, they suggested, the council lineup, troop practices, the council uniforms, courts of honor, merit badge tests, council activities and the passing of certain tests. Scout headquarters will handle the matter.

Training requirements for local scouts were brought up and the steps necessary to get all leaders up to date along this line were pointed out. Commissioner Davis made a plea for the men to be on the lookout at all times for additional leadership for local troops.

At the meeting, newly registered leaders were introduced to the present board. They included Scoutmaster Mac Crosby of Kiwanis Troop 37; George McCracken, scoutmaster of Troop 6; Sandy Howard as assistant of Troop 5 and Russell Bailey of New Bedford. Commissioner Davis administered to them the oath of office.

Russia Is No Farm Menace

National Farm Outlook
Writer Not Alarmed

By ARTHUR H. JENKINS
Editor, The Farm Journal
Written for Central Press

THERE IS no reason that I can see why American farming should be worried over what the government of Russia is doing or planning to do—at least not for the present. And in fact, I do not believe that farmers generally give much thought to the affairs of the "Union of S. S. Republics."

Why should we? Russian wheat appeared in the European markets a few weeks ago, and to that extent increased the pressure to sell that grain, already heavy enough. But the quantity of wheat was so unimportant, compared with the vast world supply, that its effect on the price level was neither large nor lasting.

Much the same thing applies to the short sales of wheat at Chicago a few weeks ago, which made a stir in the newspapers out of all proportion to its real importance. What the Russians were trying to do is still obscure, but no matter what it was, it had not practical influence on wheat prices. Short sales of 10 times as much wheat would have had no effect, beyond a few hours' disturbance of prices.

The fact is, world wheat production has pulled away from Russia. It has expanded so fast that even a Russian surplus of pre-war size would be less of a worry than an extra good Canadian harvest, or an additional million acres planned in our own southwest.

This being so, and wheat being almost the only Russian agricultural product that competes directly with us, why should the American farmer care what the Soviet government does? There are plenty of pressing problems here at home to utilize all the worrying capacity we have.

Far in the distant future, perhaps, there looms trouble in two other lines—our great export crops of cotton and tobacco. The Russians grow both of these, and a great increase in their production would

have a serious effect on our cotton and tobacco regions.

If this is a danger, however, it is far away. The Russian cotton lands are limited to territory around the Caspian sea, and if I recall correctly, the only good cotton they produce is under irrigation. It will be time enough to worry about this when tobacco and cotton equal to ours, produced as cheaply as we produce them, begin to appear on the European markets.

As far as agriculture is concerned, therefore, Russia is practically out of the picture. We take a certain amount of interest in their experiment in Communism, which most of us believe is certain to fail in due time.

As competitors in our own business, it does not seem necessary to take them seriously. Not yet, at all events.

REV. BENNETT IN CHARGE OF BIBLE CLASSES

Bible Classes Will Be Re-commenced At Y. W. C. A. Next Tuesday Evening

Commencing Tuesday, November 18, Bible classes will be conducted in the parlor of the local Young Woman's Christian Association building.

KIWANIS TROOP 4

Mahoningtown Troop 4, held its regular weekly meeting on Wednesday evening, November 12, at the Mahoning School with ten scouts and Scoutmaster H. E. Miller pres-

ent. A game of basketball was played. Three scouts were in uniform.

The Patrol Contest was started at this meeting. The Beaver Patrol was awarded 134 points and Panther Patrol was awarded 113 points at this meeting. Several boys applied for membership.

HIGHLAND TROOP 18

An interesting meeting of the Highland Troop 18 was held on Tuesday, November 11, in the Highland Caves. Scout Commissioner R. F. Davis was in charge of the meet-

ing. Committeeman Fehl was present.

The boys practiced tests during the meeting. A full attendance is urged for the next meeting as the patrols will be organized.

WEDNESDAY BIG DAY AT BRANCH

Book Circulation Jumps At East Side Branch Library On Wednesday

Wednesday was a big day at the East Side branch of the New Castle free public library.

On the branch library and as a result the circulation jumped sky high. At the end of the day, when Mrs. Mildred Gardner, who was in charge of the branch Wednesday, checked up on the number of books borrowed in that one day, she found that it had reached the astounding number of 621. Adult book circulation was 302 and juvenile books circulated 319 times.

Not for a good many months more than a year, in fact, has the circulation at the East Side library reached such heights.

The East Side branch library is

located at the corner of East Washington and Beckford streets, in the Christ Evangelical Lutheran church. It is open every Wednesday and every Saturday.

Hours on Wednesday are 12:30 to 3:00. Hours on Saturday are 9:00 to 6:00.

MERCHANDISE

Roads That Won't "eat their heads off"

WHAT farmer will knowingly buy a lame horse in order to save money? Low first cost, yes, but any "saving" is spent in upkeep, without return.

It's the same with "cheap" roads. A few additional miles at the start look inviting to the farmers who use them. But what happens?

Soon, the high upkeep costs get the farmer's share of the paving fund. Later they get it all! No more roads can be built.

That's why so many counties are building single track roads of portland cement concrete. A mile or two less road the first year or two, perhaps, but every year more miles because with concrete roads there is practically no maintenance.

FORMAL PROGRAM
AT 11 A. M. SATURDAY

Saturday, November 15, marks the dedication of the new \$170,000 training school of the State Teachers College, Slippery Rock, Pa. Special invitations have been sent to the county, assistant county, and district superintendents in the service area of the college and the school board members in the townships near Slippery Rock.

The training school will be in session between 9:00 and 11:00 o'clock a. m. demonstrations being given in the kindergarten and up through the senior high school.

The formal part of the program will take place at 11:00 o'clock in the chapel, where the dedicatory address will be given by Dr. James N. Rule, deputy state superintendent of public instruction. The keys to the building will then be turned over to Judge Galbreath, president of the Board of Trustees, by George T. Tuzel, district engineer of the State Department of Property and Supplies. After accepting the keys, Judge Galbreath will present them to Dr. Linwood Eisenberg, president of the college who in turn will give them to Dr. Lewis H. Wagenhorst, director of the training school. Following will be the dedicatory ritual prepared by a committee composed of Miss Irene Kramer, Prof. William M. Tanker and Dr. Wagenhorst, faculty members of the institution, in which the audience will participate.

Short addresses are to be given by C. E. Dickey, superintendent of Allegheny County, and a member of the State Council of Education, John T. Conrill, superintendent of Butler county, and R. A. McBride, president of the local school board. At intervals throughout the program the high school orchestra directed by Mrs. G. B. Arnold will play several selections.

Later in the afternoon the West Chester and Slippery Rock colleges are to compete in a football game for the state championship of the Teacher's Colleges, and the program will come to a close in the evening when the sophomore class of the college presents a play "Skidding," directed by Miss Mabel Eichler, one of the dramatic teachers of the institution.

Baptist Assembly To Convene Friday

Noted Speakers And Interesting
Program Will Feature
First Baptist
Meeting

SAMUEL D. BAWDEN

The Fall series of Mid-year association assemblies of the Pennsylvania Baptist General Convention is being held in the various cities of the state and the Beaver Association will meet Friday in the First Baptist church of this city. This district taking in the territory from Sharon to Beaver Falls and including 18 churches.

Speakers at the convention will include Rev. S. D. Bawden, of Kaval, South India, who will tell of experiences and activities among the criminal tribes of South India. It makes a thrilling story. Rev. Bawden deals with criminals who are born, not made. Criminality with these tribes of India, is both a tradition and a heritage and they look upon a livelihood by thievery, robbery, violence, and what not, as a perfectly normal state of affairs, but they run foul of the law at times and in consequence are often paroled to Samuel Bawden's settlement and how they shirk work by maintaining their bodies is told interestingly by Mr. Bawden.

Miss Elsie Kappen, field representative of the board of missionary co-operation, will be heard. Her missionary passion and wide experience in denominational work makes her an exceptionally informing and inspiring speaker.

William G. Russell, director of state board of missionary co-operation will call attention to the contributions for the maintenance of missionary enterprises.

Dr. C. A. Soars, executive secretary, will also take part in the program.

Theme: "World-Wide Witnessing"

To Build Fence At School Ground

Bids are to be asked by the New Castle School board for a fence to be constructed around the playground of the Thaddeus Stevens School, similar to the one just finished at the North Street School. This for the purpose of safeguarding the pupils of the school while they are at play.

Upon recommendation of Superintendent of Buildings and Grounds, S. G. Ligo, the board will pay for a three foot width of sidewalk on North street, the city paying for five feet of the eight feet width. The walk was broken up by the piling of dirt upon it when the street was repaved and the city has offered to replace the walk, five feet wide. An eight foot walk is thought to be what is needed and it will be laid.

ROBINSON-LASH

At the First M. E. church, Seakley, Monday evening Rev. Henry

Welday, the pastor, performed a ceremony uniting in marriage

his daughter, Thelma Robinson

daughter of Mr. and Mrs. O. N. Robinson of Koppel, and John

"Jack" Lash, son of Mr. and Mrs. Josn S. Lash of Sixth avenue, Beaver Falls. The nuptial lines were read at 9 o'clock in the presence of members of the two families of the bridal couple.

The bride and groom had as their attendants Miss Mary Catherine Bender and David Hemmeger.

The bride was attractive in a gown of blue transparent velvet with accessories of a corresponding shade.

After an extended wedding trip to points in the west the newly-weds will be at home at 812 Chartiers avenue, West Park, Pittsburgh.

KOPPEL POST PARADE

Members of the J. Harvey Marshall American Legion post of Koppel participated in the Armistice day parade held in Rochester Tuesday.

BIBLE CLASS MEETS

Mrs. William Hall entertained the members of the Ladies Bible class of the Methodist Sunday school at her home Wednesday evening.

DOUBLE WEDDING

David Welsh of Koppel and Miss Lenore Dyke of Negley, Pa., were married in Cumberland Sunday. In company with them were Miss Olive Rogers and Mart Freed of Koppel who were also married in that place. The former couple are staying with the groom's parents for the present and the latter couple are making their home in Big Beaver township near Benning's Row.

KOPPEL NOTES

General Ludendorff Predicts New War Starting In 1932

Horrors Of New War Depicted
By General Ludendorff
In His Pamphlet

(International News Service)

BERLIN, Nov. 13.—General Erich Von Ludendorff, strategic genius of the World War and one time the chief figure in the German Fascists' projected "War of Revenge" against France, was looking upon today as a perhaps unwitting worker in the cause of pacifism.

His blistering pamphlet envisioning a new world war in 1932 was so realistic in its description of the next war's horrors that some commentators characterized it more in the nature of a peace tract than a militaristic essay.

General Von Ludendorff predicts that the new war will break out on May 1, 1932. France, Belgium, Poland Rumania and Czechoslovakia, he declares, will oppose Germany and her allies, which will be Austria, Hungary, Italy, Soviet Russia and Great Britain.

Germany, says Ludendorff, will be the battle ground. The war will open with mass air and gas attacks on Central European cities, followed by a general invasion of Germany which will leave its civilian population exposed to famine and pillage, and in five weeks, he declared, Germany will be annihilated.

The General depicts ruin unequal-

led by that left in the wake of the Thirty Years' War, another final victory for France and her allies and the destruction for all time of German "Kultur."

Girl Student At Lebanon College Is Found Dead

Worry Over Exams Caused
Cerebral Hemorrhage,
Coroner Finds

(International News Service)

LEBANON, Pa., Nov. 13.—Nervous strain and worry over her first examinations today was believed to have caused the death of Bernice Ramon, 19, a freshman at Lebanon Valley College, who was found dead in bed yesterday by her roommate, Helen Lane, of Lodi, N. J.

An investigation by Coroner J. H. Manbeck indicated that death was caused by a cerebral hemorrhage superinduced by worry over approaching examinations.

Miss Haimon's body was sent to her home at Elizabeth, N. J., last night.

at over 35,000 pumps

DRIVING CONDITIONS are radically different from those of a few years ago. There are three times as many automobiles as in 1920 . . . thousands of traffic-lights and semaphores, with cars lined up in columns for the get-away . . . numerous stop-streets, at which you must come to a complete stop before crossing or entering. Automobile engines have been redesigned—their fuel requirements changed.

All of these things point to the need for a new and better motor fuel . . . one developed especially to meet modern driving conditions.

Safety, for example, frequently depends upon the ability of your car to thread its way swiftly and surely through traffic. A "lazy" gas which does not respond instantly to your touch may easily get you into serious trouble.

Comfort—particularly in a closed car—requires a gasoline that will give off no foul odors.

Economy is a factor worth careful consideration. Even for a small or medium-size car, you buy many gallons of fuel in the course of a year. You want a gasoline that will give you most mileage . . . and will not leave deposits of hard carbon, or corrode the vital parts of your motor.

Satisfaction in your automobile requires that the gasoline you use give maximum performance under all conditions. Instant starting in the coldest weather. Quick pick-up on the straightaway. Power on hills without the power-robbing "ping," or knock.

A motor fuel meeting these requirements has been developed, through literally years of research, by one of the oldest, most progressive refining companies in the world. Its name is ATLANTIC WHITE FLASH! Watch for further details in this newspaper tomorrow—and plan to buy your first tankful Saturday!

Don't Punish Children Unless Perfectly Sure You Should—Dr. Myers

When Emotionally Upset Parent Is Not Sane Enough To Decide On Or Give Wise Chastisement

By LOGAN CLENDENING, M. D.

Ever since Adam had his first twinge of rheumatism and Eve said: "Uh-huh! I told you not to eat so much of that mastodon steak" (this happened Nov. 4, 4004 B. C.), people have been blaming arthritis on diet and trying to cure it by diet. I hinted in the article yesterday that I was somewhat skeptical of the value of dietary treatment in arthritis. Most of my reasons for this come from what the advocates of tooth-pulling and tonsil-removal say about their rivals, the diet school. With one accord they announce that they have never seen such benefit derived from dieting in chronic arthritis.

What one of the diet school says about the tooth-pulling school is as follows: "It is true that the removal of infectious foci sometimes results in improvement of the most dramatic and immediate nature, but because of such occurrences, the conclusion has been drawn in too many quarters that such results are inevitable. Nothing could be further from the truth."

These are some of the things which made me say yesterday that if I had chronic arthritis I would treat it by baking, rubbing, bathing, etc., and keep my teeth and eat what I pleased.

However, I am perfectly willing to state the best views on the subject of diet held by the profession, and state them as fairly and clearly as I can, so that whoever wants to try the dietary treatment may do so. The best views, that is important to emphasize because there is so much faddism and bunk promulgated about this. Drs. Barker and Cole in their little book on "Rheumatism" (published by Appleton) say under the heading of diet:

"Here faddists have often held full sway. Each enthusiast has, in his turn, drawn after him crowds of arthritic patients who had become discouraged by the poor results that followed ordinary methods of treatment. All sorts of bizarre dietetic proposals have been made: tomatoes, lemons, oranges, grapefruit, white bread and various other single arti-

cles of food have, at one time or another, come under the ban. Careful studies indicate that diet has little to do with the majority of cases of chronic arthritis."

One of the worst results of all these teachings is that the poor patient will be starved and undernourished from the progressive elimination of articles from his diet.

The first rule for the arthritic then is to eat plenty. Editor's Note: Four pamphlets by Doctor Clendening can now be obtained by sending 10 cents in coin for each, and a self-addressed, stamped envelope to Dr. Logan Clendening, in care of this paper, or Central Press Association, 1435 East Twelfth street, Cleveland, O. The pamphlets are "Infant Feeding," "Reducing and Gaining," "Instructions on the Treatment of Diabetes" and "Hygiene of Women."

Organize "Y" Church League This Evening

Basketball Season Practices Will Start At Institution On November 17

The Y. M. C. A. Church Basketball League will be organized this evening at 7:15 o'clock at a meeting in the institution. Alec Samuels, basketball layman will preside. Physical Director MacNicholas asks managers to have their players' eligibility list.

With 38 supervised basketball teams as a part of the "Y" physical department's activities, Physical Director MacNicholas believes that the sport will not lack interest among fans in the city this season.

Practices will start on the 17th of this month and continue until Thanksgiving. This season will find the institution has one of the finest Church Leagues in "Y's" in this part of the country. Thus far there have been registrations from 21 different churches of the city. In all probability, MacNicholas believes, the season will get underway on Thanksgiving evening with a big send-off.

Strike at the cause of COLDs AND SORE THROAT

50¢ quality LISTERINE SHAVING CREAM Now 25¢

Gargle Listerine every 2 hours reduces mouth germs 98%

In your mouth, a fierce and continuous battle is being waged. The forces of Health against those of Sickness. Nature against Germs—dangerous bacteria that lodge and multiply in the mouth by millions, striving to cause illness.

Surely you can appreciate the necessity of using, every day, a mouth wash fatal to germs, yet harmless to tissue. Physicians have long urged a night and morning gargle with full strength Listerine, the safe antiseptic with the pleasant taste. For Listerine kills germs of all types in 15 seconds. No faster killing time has ever been accurately recorded by science.

Gargle every 2 hours

The morning and night gargle is deemed sufficient in time of normal health, to keep germs under control and maintain a cleanly condition of the mouth.

But when infection is actually under way, which is the case when you have a cold, sore throat, or inflamed condition of the oral tract, authorities urge that the gargle be repeated every two hours.

By so doing you give the body, now at lower resistance,

the extra attacking force it needs to combat the ever-multiplying germs in the mouth.

Mouth germs reduced 98%

If you could look into your mouth with a microscope before and after gargling with Listerine, you would behold a remarkable transformation.

Before the gargle you would see millions and millions of germs, alive, wriggling, darting to and fro. After, you would see the same germs dead and powerless to cause harm.

Repeated tests, following the technique employed at great Universities, show that full strength Listerine actually reduces bacteria on the surfaces of the mucous membrane, 98%.

At the first symptom of trouble in the oral cavity, begin gargling with Listerine and consult your physician.

Do not be afraid to use Listerine undiluted. Only in this way can you get the full benefit of its germicidal action. Remember that Listerine is non-poisonous, absolutely safe to use, and actually healing to tissue. Lambert Pharmacal Company, St. Louis, Mo., U. S. A.

Don't Be Eye Customer On Health Says Dr. Appel

"Eye customers represent a class of persons, by no means small, who buy things solely because of their appearance. Manufacturers of automobiles down to house furnishings are well acquainted with this natural trait. Therefore, in addition to putting quality in their products they seek to outdo their competitors in color schemes. So much so has this been the cause lately, that this present period might well be styled the chromatic one," said Doctor Theodore B. Appel, secretary of Health today.

"However, this eye-buying business decidedly has its limitations where health is involved. Yet many persons illogically follow this principle through to that point, and suffer in consequence.

"For instance the other day a business executive looked into his mirror and was quite pleased with himself—he was well groomed and possessed his usual high and healthy color. Contentment and satisfaction followed. Nevertheless, he was an eye customer. Sold strictly and solely

on his appearance. The fact is that he toppled off his chair in his office during a conference that very afternoon and his funeral took place only yesterday.

"Needless to say, his heart was at fault. He had, in fact, never given it much of a chance. He was somewhat overweight (cause, too much food), he used stimulants in excess, he never had a periodic physical examination in his life and he exercised infrequently but violently.

"Measuring his health solely on the basis of his looks, his appearance had stabbed him in the back. The moral is obvious. Hearts once middle age has been reached, need watching. Indeed, they will need attention long before that time if prior to that period certain acute infectious diseases such as diphtheria, scarlet fever, tonsillitis and pneumonia have unfortunately been a guest in one's body.

"Therefore, don't become an eye customer where the heart is concerned. Let your doctor, not your eyes, guide you in this most important matter."

Oil Fields Echo Heard In Court

Partners In Controversy Over Funds Used In Drilling In Elk County, Kansas

Suit of the Phoenix Oil and Transport Company against D. G. Renfro of this city, in which the plaintiffs claim \$2,285.78 due from the defendant, was taken up before Judge Hildebrand at court this morning.

The Phoenix Oil Company is engaged in drilling oil wells in Oklahoma, Kansas and elsewhere. Prior to May 7th, 1928, the plaintiff and defendant negotiated for drilling an oil well in Elk county, Kan. on land owned equally by both parties.

Oil was struck at a depth of 1,977 feet. Both parties had been paying the cost of drilling, but when oil was struck it was necessary to build tanks and equip the well. The money for which the Phoenix Company is suing is alleged to have been advanced by the company for Renfro in the equipment of the well.

10,000 Hunters Pay \$50,000 To Kill Only 4,000 Bucks

(International News Service) DENVER, Col., Nov. 13.—It cost 10,000 hunters 50,000 "bucks" to kill four thousand bucks in Colorado during the four-day open deer season this year.

While this looks like a large amount of money to spend for licenses to kill a large number of deer, the deer herds of this state can stand the loss of 4,000 male members of their community as easily as the hunters can stand the price of their fees, according to A.

G. Parvin, state fish and game commissioner. Adequate protection laws and careful watching by the state game department have given Colorado deer a chance to increase from a small herd a few years ago to an estimated total of between 43,000 and 45,000 now at large in the state.

Deer have been unusually prolific during the past season, Parvin said. This summer's crop of fawns has been heavy, more than the usual proportion of young deer being twins. Range conditions have been ideal for deer.

Boy Injured When Hit By Automobile

A Number Of Accidents On Streets Of The City Reported To Police

Mrs. Mary Hammond of East Cherry street extension, was enroute north on South Mill street with the car of Merritt Hammond on Wednesday, when a boy Paul Cangini, 9, of 710 Mabel street, ran from the east to the west side of Mill street in front of her machine.

He was struck by the right front fender of her car and knocked to the ground. He was picked up by some people at the scene of the accident, who said they would take him to the New Castle hospital.

Mrs. Hammond went to the hospital and not finding him there returned to the scene of the accident and found him there.

She took him to the office of a physician, where on examination it was found that he had escaped serious injury. He had a bump on the head and a bruise of the left leg. She took him home.

of his car, and was knocked to the ground. He said he was not hurt and declined the services of a physician.

C. Brookover of the Lawrence Automobile company, reported Wednesday that he was enroute south on Jefferson street at Wallace avenue, when his machine was in a collision with that bearing Pennsylvania license 7880P which was enroute north on Jefferson street. Some damage was done.

Robert C. Nesbit of Pittsburgh, Pa., reported Wednesday that his machine was in a collision with that of Kenneth Spiker R. D. No. 5 at Grant and North Jefferson streets. Damage was done to both machines.

Indiana Police Are Baffled By Bombing Outrage

Complete Lack Of Clues In Attempted Killing Of Purdue Professor

INJURED MAN IS FIGHTING FOR LIFE

LAFAYETTE, Ind., Nov. 13.—An almost complete absence of tangible clues today served to baffle authorities in their search for an explanation of the bomb explosion which mangled W. F. Heidergott, Purdue University instructor in practical mechanics.

Heidergott, fighting for his life in St. Elizabeth's hospital here told police he knew of no motive that might explain the terrific explosion which interrupted the instructor's effort to start his automobile yesterday.

Police Chief John Krutch and E. L. Osborne, chief of the Indiana State Bureau of crime, went to Indianapolis to question the wife of Heidergott. She told the investigators that she knows of no reason for an attempt upon her husband's life.

Seek Possible Clues

Authorities were seeking a possible

connection between the attempt on Heidergott's life and the recent activity of Marion, Ind., bombs whose operations killed five labor union members under similar circumstances last year.

The explosion mangled the instructor's face, tore his clothes from his body and paralyzed his right shoulder and arm.

The bomb itself was a crude device encased in a gunny sack and ignited by a three foot fuse. The assailant had placed the explosive on the rear housing of Heidergott's automobile in his private garage. Heidergott said he had noticed the gunny sack and fuse on entering the garage, but thought little of it. The blast occurred three minutes after he entered the garage.

Legislative Program For Coming Congress Features Big Issues

All Controversial Matters
Will Be Sidetracked By
New Congress

Appropriations And Unem-
ployment Measures To
Get Consideration

By WILLIAM K. HUTCHINSON
International News Service Staff
Correspondent

WASHINGTON, Nov. 12.—A tentative legislative program for the "lame duck" session of the Seventy-first Congress, which convenes December 1, features appropriation bills and unemployment relief measures, while banning all controversial matters, it was learned today.

The tentative program, submitted to President Hoover by Senator McNary of Oregon, assistant Republican leader of the senate, would sidetrack the world court, all prohibition measures resulting from the anticipated report of the Wickersham law enforcement commission and some highly important bills, still pending from earlier sessions of the same congress. McNary was to confer again with the president during the day and may get Mr. Hoover's final approval of the program.

Three Important Measures
Unless the President desires action on other legislation, the program would simply include:

1.—Passage of the nearly \$5,000,000,000 of departmental and bureau appropriation bills, necessary for operation of the government during the fiscal year, beginning next July 1.

2.—Speeding the government's public works program, by ordering immediately expenditure of previously authorized funds on public buildings, flood control, inland waterway projects and federal roads.

3.—Final enactment after ten years of the Norris Muscle Shoals bill, providing for government operation of the \$100,000,000 project and fertilizer plant in Alabama.

Avoid Controversies
The desires of leaders of all factions to avoid controversial legislation so that the session can be devoted to solving the unemployment problem, probably will delay world court action for another year. The president has been silent recently about his plans and his failure to announce, in his Armistice Day speech, that he would send the protocol to the senate next month, was taken to indicate the contrary.

Foes of the world court declare they can muster enough votes to reject the amended proposal of adherence it may be the President agrees with them and that the senate in the next congress will be friendlier to the court. If he does send it up to the senate, a prolonged debate will follow and other legislation will die.

All leaders agree they must avoid a battle over prohibition. Consequently, there seems little likelihood of action on any recommendation of the Wickersham commission, particularly if that body should propose a loosening of the dry law.

Piles Go Quick

Without Salves or Cutting

Thousands of Pile sufferers have learned that quick and permanent relief can only be accomplished with an internal medicine. Neither salves or cutting remove the cause.

Bad circulation of the blood in the lower bowel causes piles. The veins are flabby, the bowel walls weak—the parts almost dead. To end Piles the internal medicine must be used to stimulate the circulation and strengthen the affected parts.

Dr. J. S. Leonard was the first to discover a real internal Pile remedy. He called his prescription HEM-ROID, and prescribed it for 1000 patients with the marvelous record of success in 999 cases, and then decided every Pile sufferer should be able to get HEM-ROID from their own druggist with a rigid money-back guarantee.

Dr. Leonard's prescription has a wonderful record of success right in this city and McKee's Kwik Rate Store on Eckerd's of New Castle, Inc., invites every Pile sufferer to try HEM-ROID and guarantees to refund the purchase price if it does not end all Pile misery.

Neighborhood Clubs Idea Is Progressing

Two More Are Organized By Y.
M. C. A. Boys' Work Department; Meetings Held

Wednesday night saw the inauguration of two more neighborhood clubs, the latest type of boy clubs operated from home to home that somewhat resemble the old family gathering.

The second club met last evening at the home of Mrs. R. L. Meermans, 506 Winter avenue. The meeting was in charge of Carl Mitchell, a Senior Hi-Y leader. The boys will be known as the "Minute Men" of

North Hill. They elected as their president James Foster Jr.; vice president, Donald Coale; secretary, William Shilton; treasurer, Robert Minor; scribe, Ernest Stitzinger.

The study of Bruce Curry's late Bible study book will be used during the devotional part of the meetings.

The boys were served refreshments by their hosts. The next meeting will be November 17 at the home of Ernest Stitzinger.

The third club of the same nature, only of older boys, was put into operation at the home of Mr. and Mrs. R. Muder, 610 Main street.

The young men had a meeting and much enthusiasm was shown when the club was named as the Trojans.

These young men were impressed with the club program and decided to elect officers at the next meeting. The following will serve as membership committee: Herb McClure, Harold Sanders, Jack Armstrong, George Rigby, Robert Allen, William Bilger, Harold Sanders.

was elected news reporter for the club. The club colors are black and white. The club will meet each Wednesday night at 7:30, next week at the home of Herb McClure.

Russel Muder, Ray Muder and Jack Armstrong furnished music.

Perry Gaston Post Discusses Problem

Meeting Is Held On Wednesday Evening At Legion Home

Perry S. Gaston Post, No. 313, American Legion, at its meeting last night considered at some length the problem of unemployment, particularly as it applies to Legionnaires.

A letter from State Commander Engard calling attention to the fact that the unemployment problem was one that needed most serious consideration at the present time. The letter also stated that Perry S. Gaston Post had been the pioneer in establishing an employment service, as was done some months ago, quite successfully, and that he hoped that the post would be able to continue in this helpful public service for Legionnaires.

In the discussion it was brought out that the employment bureau maintained for several months by the post had done a great service, more particularly for the community as a whole than for the former service men, although maintained in the first place for service men who were given the preference.

It was shown that the Legionnaires help amounted to less than one-half of one per cent of the persons aided, while former service men to less than two per cent of the total. The balance of the serv-

ice had been of benefit to the civilian population.

The matter of meeting the problem was finally left in the hands of the executive committee.

The auditor's report for the past year was received, read and approved.

Senior Vice Commander Glenn Berry reported that the membership drive of the post was under way and that the results were good, although coming along a little slower than last year. He urged that the membership get behind the matter and help push it over for the biggest membership in the history of the post. The next meeting will be held two weeks from last Tuesday.

Jesse Carr Is Injured In Fall

Jesse Carr, well known resident of the city, sustained a severe injury of the hip on Wednesday, when he tripped and fell in the home of his son-in-law and daughter, Mr. and Mrs. William Doot of Leasure avenue. It is feared that he may have sustained a fracture of the hip.

Mr. Carr is the brother of John Carr of Sankey street, who a year ago last Labor Day, sustained injuries that has kept him bedfast ever since.

Will Not Build Bridge During Coming Winter

County Commissioners Say
County Not Able To
Build At Present

Lawrence county commissioners today told members of city council that the county is not in a financial position to build the Lawrence street bridge this winter.

Their decision was rendered when Commissioners Elder and McCullough met members of council in a conference held at the office of Attorney John P. Lockhart who is the legal adviser for the commissioners.

The bridge project however has not been abandoned, the county commissioners, according to Councilman Louis Genkinger having stated that construction may start next summer.

Before the North street improvement was started, it was stated the county commissioners had agreed to build a bridge at Lawrence street, providing North street was widened and repaved.

The project was put through and recently C. Ed. Smith, Jr., asked the

council to confer with the commissioners in an effort to have the bridge built now so that it would aid in employment.

During the session today the commissioners are said to have told the council that their funds will be used for the Ellwood City road and also for paying damages on the New Wilmington road.

Councilman Genkinger also stated that in a discussion relative to relief measures the commissioners stated that they were in a position to care for all legitimate requests that be made for aid.

Orchestra Makes First Appearance

In conjunction with the historical pageant "Bottled Liberty" presented in the auditorium of the Mt. Jackson high school on Tuesday evening, the Mt. Jackson school orchestra, under the direction of Prof. W. G. McCullough, made its first public appearance of the year. The numbers played by the orchestra were greatly appreciated and were well rendered.

A full house witnessed the historical pageant and each person present was enthusiastic over the performance. The event took the form of a community meeting. A number of short talks were given and Prof. F. F. Foltz, new principal of the Mt. Jackson school, was introduced to the people of the community gathered in the orchestra.

Three Injured In Two Hunting Accidents Here

Mr. and Mrs. Robert Griffith Of This City And
Harold Frazier In-
jured Hunting

Griffith Still Confined To
Local Hospital Where
Finger Was Am-
putated

ELLWOOD CITY, Nov. 13.—The hunting season precipitated three accidents near here late Tuesday when Mr. and Mrs. Robert Griffiths of Sixth street and Harold R. Frazier of Ellport were injured. Frazier was injured the worst of the three and had a wound in his left side, and was removed to the local hospital in a weakened condition from loss of blood. He took the full charge above the left knee from a 12-gauge shot gun discharged accidentally at close range by a companion while hunting in Wagon woods near Lillyville. They had met another hunting party, according to reports, and were conversing when one of the guns, which was at a resting angle, discharged only a few feet from Frazier. He is resting as comfortably as can be expected in the local hospital.

Griffiths and his wife were members of a hunting party of four, the others being his brother George and the latter's wife and they were hunting on the Dell Wright farm in Perry township. Griffith had placed his shot gun on the ground and as he picked it up, a finger across the muzzle, the gun went off, tearing away part of his finger. Some of the shot lodged in Mrs. Griffith's back and ankle. Their companions rushed them to the local hospital where Mr. Griffith's finger was amputated. Mrs. Griffith was discharged Tuesday evening but Mr. Griffith will have to remain in the hospital for some time.

Mrs. Kaufman Entertains Club

ELLWOOD CITY, Nov. 13.—Twenty-three members of the Castlewood Club and three guests enjoyed a luncheon meeting at the home of Mrs. Kaufman of Zelienople. The special guests were Mrs. Anna Block, Mrs. Emma Schram and Mrs. Bloomer of Zelienople.

During the business meeting plans were made to add a needy family in Ellwood City. There followed a social period.

Successful Supper At Lutheran Church

ELLWOOD CITY, Nov. 13.—The annual chicken supper and bazaar took place Wednesday night in the dining room of the Lutheran church. Over three hundred tickets were sold, and many paid admission at the door. A delicious menu was served by the ladies of the church. The bazaar had many hand-made garments attractively displayed and a counter devoted entirely to adorable dolls. A nice sum was cleared for the church building fund.

Kiwanis Club To Aid City Poor

Clubmen Bending Efforts To-
ward Securing Food And
Clothing For Local
Poor

ELLWOOD CITY, Nov. 13.—Members of the Kiwanis club, at a recent meeting, decided to do their part toward aiding the poor of Ellwood by donating food and clothing. They are cooperating with the Community Service league, an organization which is said to have lists of poor people deserving of aid.

Derry Porter is chairman of the committee in charge of this measure, and already one family of 13, with children ranging in age from two to 12, has been mentioned as needing food and clothing. In spite of the fact that a prominent pastor quoted statistics that said Ellwood City felt the depression the least of any town in western Pennsylvania, there are plenty suffering from lack of food and clothing and this is not visible to the naked eye of people going uptown each day.

If people will just take the time to ransack their attics and old trunks, assuredly they will find some clothing that has been discarded by members of the family, and is yet good enough for some poor individual who is probably at that very moment trying to keep warm in inadequate clothing, and wondering dully, where the next meal is to come from. The story is told of one old soul who is glad to clean out cellars, etc., for a pittance. One pitying merchant noticed he had paper in the soles of his shoes, and promptly took him to a shoe store and outfitted him with new shoes and socks. Soon after the weather turned warmer, and the merchant noticed the old fellow had his old worn-out shoes on again. "Why don't you wear those new shoes I bought you?" demanded the merchant. The poor old fellow responded, "Why, bless you, I'm saving those for winter."

Special Program At Prayer Meeting

ELLWOOD CITY, Nov. 13.—In connection with the weekly prayer service in the First Presbyterian church Wednesday evening a special program was enacted consisting of the dramatization of the first chapter of the Mission book "A Cloud of Witnesses" by Elsie Singmaster. The title was "Passing on the Light" and had six men and five women characters. The little play was well presented and provided an interesting interlude in the meeting. Mrs. Edward Mackack contributed a group of charming contralto solos.

Mr. and Mrs. Fehl Entertain Friends

ELLWOOD CITY, Nov. 13.—Mr. and Mrs. J. A. Fehl, of Hazel avenue, entertained a group of friends at the home Wednesday with a Euchre party.

A sociable evening was enjoyed, and concluded with the serving of light refreshments by the host and hostess. Those enjoying the event were: Mr. and Mrs. Andrew Fehl and daughter Betty Jane, Mr. and Mrs. L. V. Millman and daughters Dorothy, Anna and Martha, of Evans City and Mr. and Mrs. Charles Reibold of Renfrew.

Boys In Schools After Hours To Be Arrested Here

ELLWOOD CITY, Nov. 13.—Secretary Ray Mattox reported to the members of the Board of Education at their monthly meeting recently, that considerable trouble was being experienced with boys getting into the school buildings, particularly the Lincoln High school, when evening rehearsals were being conducted, and making themselves generally obnoxious.

He reported that panic bolts were being placed on all the doors and any child being found inside the school buildings after 5 o'clock without a written permit, would be marched to the local police station and dealt with like any other marauder. Three janitors of the Lincoln school have been made special police and have full authority to arrest any boys caught loitering on the premises.

Study Class Plans For Play Soon

ELLWOOD CITY, Nov. 13.—Nine members of the Mission Study Class met Wednesday afternoon at the home of Mrs. Jud Turner of Glenwood for their weekly meeting. They are studying the mission book "A Cloud of Witnesses" by Elsie Singmaster. They plan to present a Missionary play on the Sunday evening preceding Thanksgiving. There will be a regular monthly meeting of the Women's Missionary society next Wednesday, so the Mission Study Class will not take place.

At the meeting next Wednesday, Miss Foster, a returned missionary will be the speaker.

THANKSGIVING BENEFIT
ELLWOOD CITY, Nov. 13.—There will be a Thanksgiving benefit bridge party this evening in the Schweiger hall under the auspices of the civic committee of the Ellwood City Women's club. All proceeds of this party will be given toward the making up of Thanksgiving baskets to be given the deserving poor of Ellwood City. Mrs. Berwick Barton is chairman of the committee in charge, and it is expected that a great many bridge fans will turn out to aid in this worthy cause.

Ellwood City Man Gets Patent

Martin J. Anderson Granted
Rights On Conveying
Apparatus By
Government

By ARTHUR C. WIMMER
Special Washington Correspondent Of
The New Castle News

WASHINGTON, D. C., Nov. 13.—After a wait of more than three years, Martin J. Anderson of Ellwood City has been granted the patent rights on a conveying apparatus for dipping and on a conveying and spacing apparatus, the United States patent office announces. Anderson filed with the patent office application for the rights on both of his inventions April 9, 1927. He has assigned his rights to the Mathews Conveyor Company of Ellwood.

The Ellwood man was allowed 12 claims on his conveying and spacing apparatus which the patent office describes as:
The combination with a conveying apparatus including a conveyor and a routing tray adapted to be sent over said conveyor to actuate certain mechanisms adapted to divert following articles from the conveyor onto a selected branch conveyor, of means adapted automatically to space the routing tray a predetermined distance from the first following article.

He was allowed nine claims on the conveying apparatus for dipping, describes as:

An apparatus of the class described, comprising a track, a carriage adapted to travel thereon, an arm pivotally connected with the carriage and normally depending therefrom, an article-holder connected with the lower end of said arm, opposed connected cam surfaces arranged beneath said track, and a roller on said arm intermediate its ends adapted to engage said cams to raise and lower said article holder.

Greens Committee Plans For Summer At Country Club

ELLWOOD CITY, Nov. 13.—S. P. Peck, chairman of the Green committee of the Ellwood City Country club called a meeting of his committee for Wednesday evening at the club. The purpose of the meeting was to discuss the various departments of the proposed community course, and to plan the necessary repairs and improvements on the regular club course.

It is expected that the Community Course will be open on Labor Day next year, and with the new cement road completed, the combination will be irrisible to local golfers.

WAMPUM

METHODIST REVIVALS
The evangelistic campaign being conducted at the Wampum Methodist church had one of its most successful weeks last night. A strong message was delivered by the evangelist Archie Gibson from the theme on "Losing and Finding Jesus" text Luke 2:46. At the close of this very forceful message he gave a call for consecration to a fuller life and a more definite service, a large number responding. A fine musical program was given presenting many new choruses with the Booster Chorus assisting and Miss Margaret Owey at the piano. A special number was the duet "I

SEVENTH WARD NEWS

Ladies Aid Society
Meets Wednesday

Monthly Meeting Of Society Held; Other News Notes Of Seventh Ward

Mrs. I. D. Wagner and Mrs. E. M. Jones were hostesses to the members of the Ladies Aid society of the Madison Avenue Christian church at the monthly meeting of the society Wednesday afternoon. The meeting was held in the church. There was a good attendance of members present. During the meeting Mrs. W. W. Wald was elected The Year, and will arrange hostesses for the coming year.

A social hour followed the business meeting and at a seasonable hour delicious refreshments were served by the associate hostesses.

At the December meeting of the society the annual election of officers will take place. The meeting will be at the home of Mrs. J. D. Gilmore, W. Cherry street.

EXPECTED HOME
Rev. D. C. Schnebly of Newell avenue, who has been spending the past few days hunting in Clearfield county, is expected to return home today. He will be accompanied by Mrs. Schnebly's mother, Mrs. M. J. Tonkin of Cherrytree, Pa., who will spend a few days at the Schnebly home.

TUREEN DINNER
Members of the Home and Foreign Missionary societies of the Mahoning M. E. church and their families will have a tureen dinner Friday evening in the church dining room. The dinner will be at 6 o'clock.

QUEEN ESTHERS
The Queen Esther society of the Mahoning M. E. church will have their monthly meeting Friday evening in the church parlor. The meeting is called for 8 o'clock.

VISITING RELATIVES
Mrs. J. A. Beard, Orchard street, left Wednesday evening for Champaign, Ill., where she will spend a week or ten days visiting with relatives.

VISIT HERE
Mr. and Mrs. Marion Adams of Ashtabula, O., have returned home after visiting with Mr. and Mrs. A. C. Hyde, North Cedar street.

FINISH RIVETING
Riveting additional pieces of iron to the iron supports of the B. and O. overhead on Liberty street is now finished. Workmen have been working at the overhead the past couple weeks re-enforcing the iron supports, which had begun to rust, where they go into the concrete. Concrete around the supports was removed and pieces of iron riveted to the supports to re-enforce them. This is finished and forms are being placed to replace concrete about the supports.

LIBRARY DAY
Today is the second library day of the week at the branch free public library in the seventh ward.

MABEL WILSON LODGE
Mabel Wilson, lodge to Brotherhood of Railroad Trainmen will have their lodge meeting this evening in the Knights of Malta hall.

FIRST REHEARSAL
The first practice for the Christmas program will be Friday after school in the Mahoning Presbyterian church. All children of the Sabbath school are to report at the church.

PRAYER MEETING
The mid-week service in the Mahoning Presbyterian church Wednesday evening was conducted by G. H. Schweidemann in the absence of the pastor, Rev. D. C. Schnebly. E. C. Hulbert gave the talk on the Sunday school lesson for next Sunday, discussing the subject in a capable manner.

PLANS UNDERWAY
Plans are underway for the Young People's banquet, an annual event in the Madison Avenue Christian church. The banquet will take place Friday evening, December 5, in the church dining room.

Board Cannot Remove
Married School Teachers

There seems little the school board can do in the way of removing married teachers from the system this year, if they insist upon staying. From a report received by Dr. Green from the Department of Public Instruction and given to the school board last night at its meeting, the board appears to have little to say in the matter. The opinion of the department acts with the same effect as a law unless overturned by the courts, and the opinion of the Department in the present cases in the New Castle schools is that marriage is no valid grounds for the cancellation of contract. The board can notify the teachers before the end of the present school year that their services are not required next year, but can do nothing until then.

The correspondence in the matter was presented to the board Wednesday evening and this correspondence follows:

Members of the School Board
New Castle School District
New Castle, Pennsylvania.

At the suggestion of Mr. W. J. Moffatt, our solicitor, and complying with your instructions I submitted the whole question of married teachers to the Administration Bureau of the Department of Public Instruction.

In reply to my inquiry I have received an opinion from Dr. W. M. Denison, Deputy State Superintendent in charge of Administration. A copy of Dr. Denison's letter follows:

Under the provisions of the School Code an opinion from the Department of Public Instruction has the force of law until reversed by the courts.

As I interpret Doctor Denison's

opinion it is entirely in accord with that of our solicitor.

Letter From Doctor Denison
October 29, 1930.

My Dear Superintendent Green:

I have your letter of October 17th. Section 1208 of the School Laws specifies specifically the charges upon which a teacher may be dismissed from employment in the public schools of this State. There are court opinions which hold that where there is a statutory enactment specifying reasons for dismissal, these are the only reasons for which a teacher may be dismissed, and that additional reasons may not be written into the teacher's contract. There are other opinions which hold that even though a teacher may be dismissed for reasons not specified by the board in the contract, the reasons for dismissal must be valid and not capricious, and that the board of directors, before dismissing a teacher for any reasons other than those specified in the statute even though said reasons may be a part of the contract, must justify the dismissal on the ground that the teacher would be incompetent to perform her duties as teacher for the reasons specified.

I believe that it would be a difficult matter for any board of directors, to prove, as a general proposition, that all married teachers are incompetent. Some of the best teachers I have known are those who have been married teachers. In view of these statements, and in view of the opinions handed down by the courts, I am inclined to believe that even though the board of directors should write into the contract a proviso to the effect that a teacher discontinues her services in the district as soon as she marries, this would not be sustained in a court of justice.

Very truly yours,
W. M. DENISON,
Deputy Superintendent.

There was little comment in the matter. J. Herbert McIlvenny, a director said that in his opinion the law should be changed in the next session of the General Assembly giving the board the authority to insert a non-marriage clause in the teacher's contracts.

4. George Rogers Clark—The Young Surveyor

GEORGE ROGERS CLARK, LIKE GEORGE WASHINGTON, BEGAN HIS CAREER AS A SURVEYOR. IN THOSE DAYS VIRGINIA WAS SPARSELY SETTLED AND SURVEYING OFFERED A LUCRATIVE PROFESSION TO AMBITIOUS YOUNG MEN.

St. Mary's Will Test Fordham In Battle Saturday

California Eleven Comes East Prepared To Give Fordham Real Fight

FORDHAM UNBEATEN FOR TWO SEASONS

By COPELAND C. BURG
International News Service Staff Writer
NEW YORK, Nov. 12.—One of the more vital and important things in life is doing the right thing at the right time and that is why we think Edward Patrick Madigan is more to be blamed than given a big hand.

Edward Patrick came to town today from California, where even the prunes take themselves seriously, with his St. Mary's football team of Oakland, to engage the Fordham Rams at the Polo grounds on Saturday. We think Edward Patrick should have made this eastern invasion last year when the Oaklanders were better and when the Rams were not so good.

Stennett is Good
Furthermore, we found out this morning that one Frederick Francis Stennett, may be the undoing of the invaders. Stennett is a 293-pound bar of artichokes from fertile acres of Ventura, Calif., and is called by Will Stevens, Jr., press agent for the Madigans, the best back on the coast since George Wilson tore great junk in the fog for the University of Washington. This blue ghost, Stennett, who learned to have two passes completed on him this season. Of course he got his man on the spot but in a diagram of all plays scored against St. Mary's this year those two plays stand out like Telegraph Hill and it is to be regretted.

You know Fordham has not been beaten in two years—sixteen games—and when we told Madigan about that he said easterners would be surprised when they saw Eliding, 204 pounds of so much hardboiled apples from Walla Walla, Wash., also he said these eastern experts who pick Fordham to win will be astounded when Dick Boyle, like 180 pounds of so much navy yard scrap iron from Vallejo, Calif., does his work at quarter.

Have Tough Guard
Then Madigan told us about a region in San Francisco called "South of the Slot," a very tough spot. Bill Fischer, one of the Blue Ghost guards, comes from the Slot region.

"And he is tough and hard and fast—Oh boy!" said Madigan, punching over chest. And we know he is tough.

But about that California game. It seems California beat St. Mary's 7 to 6 or something like that. This fall, California is the team which Southern California defeated 74 to 0. But Madigan showed a diagram of the plays in that game and convinced us St. Mary's really won. In fact the diagram proves California was outplayed. So that makes two undefeated in two years here this week end.

Fidel La Barba, conqueror of Kid Chocolate, and Eddie Shea, knockout victor over Johnny Datto, have been matched to fight in Cleveland, December 10.

Emmett Rocco got a raw deal at Oklahoma City. Augie Snyder was credited with boxing Em' a draw. Rocco had Snyder groggy in five of 10 rounds.

Mountmarch Schwartz, Notre Dame, got his name from a race-horse on which Schwartz's father spent a considerable sum of money at New Orleans.

Ah, here's some wrestling news: Bobby Chick, Omaha beat Gus Kallio, Finland, taking two of three falls at Cincinnati. They're mid-dleweights.

S'funny, but true a motion picture display of wrestling is better than the real thing, so the boys say. The films flick fast and rasslers work slow.

Grove City Will Play Teachers

Heavy Schedule For Slippery Rock Football Team Next Season

(Special To The News)
SLIPPERY ROCK, Nov. 12.—Word that Grove City College had given Slippery Rock a place on her 1931 football schedule was hailed with enthusiasm by Faculty Manager E. B. Cottrell. The game, to be played October 10th at Grove City, is a "natural" and brings together two age-old rivals that yearly drew the biggest crowds of any in the section outside of Pittsburgh.

The schedule for the Thompson men is a compliment to the rating that Slippery Rock is being given in the tri-state district. Four class B colleges, Waynesburg, Westminister, St. Francis and Grove City, will be met, in addition to the five teams constituting the western division of the teacher conference. Waynesburg, defeated 7-0 by the locals this year, will be the homecoming day attraction November 14.

The schedule is a well balanced one, with four games at home and five away. Edinboro and Clarion conference rivals, will be encountered on foreign fields, while California, Indiana and possibly Lock Haven, will show their teams at the local field. Westminister and St. Francis will be played away on September 26 and October 17, respectively.

The schedule:
Sept. 19—Lock Haven (pending).
Sept. 26—Westminister, away.
Oct. 3—California, at home.
Oct. 10—Grove City, away.
Oct. 17—St. Francis, away.
Oct. 24—Clarion, away.
Oct. 31—Indiana, at home.
Nov. 7—Edinboro, away.
Nov. 14—Waynesburg, at home.

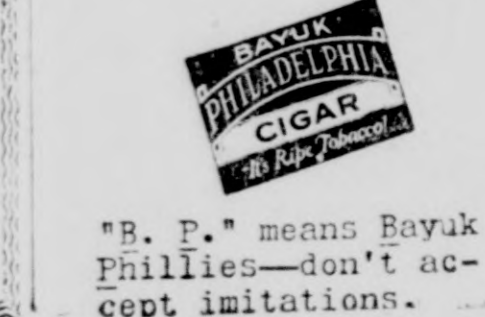

Paul Pirrone To Box Jackie Fields

Jackie Fields, welterweight champion and Paul Pirrone will fight the main bout, December 10 in the Cleveland Christmas fund show. Fidel La Barba and Eddie Shea will fight in another 10 round bout. The show will be run by Ed. Bang of the Cleveland News.

Long Practice For High Squad

New Castle Team Prepares To Battle South At Stadium

FLASHY GAME IS CERTAIN SATURDAY

On Wednesday afternoon at Taggart field, the New Castle high school football squad was sent through a long scrimmage. The local red and black jerseyed warriors are preparing for Saturday when Youngstown South will come here as an opponent.

After the scrimmage got underway, it lasted until the ball could just be seen. The workout this afternoon will probably be a light one. The locals conclude training on Friday afternoon and will rest until game time.

The first team in meeting the second string combination in the practice game last night met a worthy foe. Time and again the second team showed up well and in many instances held the varsity. This second team puts up a better struggle in practices against the varsity crew.

New Castle on Saturday afternoon may try the same attack that set back Rayon last week. That system was the "aerial system" or passes. Last week for the first time New Castle tried many passes and it was a pass which defeated Rayon. To be exact, the locals snapped 11 passes and made good on the first pass which was good for some 36 yards brought the ball to the 3 yard line. It was the pass that paved the way for the first six pointer.

In the second quarter another sweet pass was the cause of the second touchdown which defeated Rayon. This Saturday New Castle may again take to the air. And if they do fans should see some good work on the part of the local boys. South as in other years may resort to the pass attack. It wouldn't surprise anyone if South should uncork a variety of tricky passes next Saturday.

Faculty Manager Ralph H. Gardner of the high school is arranging to take care of a large crowd of fans who are eager to see these two bit-ter rivals meet on the gridiron. Tickets for this contest can be purchased at the Sporting Goods store on East Washington street.

Ex-High Star Makes Good On Titan Eleven

GLENN SHAFFER
NEW WILMINGTON, Pa. Nov. 13.—Glenn Shaffer, former New Castle high and Princeton, Ill., high school football star, has made good as quarterback on the Westminister College football team in his first year of college ball.

Shaffer leads the team in points scored, is a passer, kicker, pass receiver, and ball-toter. Glenn not only scores touchdowns, throws for yards to others to score, and carries the ball through the line or around the end, but he also kicks extra points after touchdowns from placement.

Another year of college football should place Shaffer among the best backs in the entire district. Certainly his first year has given him considerable of a name in Tri-State circles. He will play quarter against Thiel at New Wilmington Saturday.

Slippery Rock Plays Titular Battle Saturday

(Special To The News)
SLIPPERY ROCK, Nov. 13.—Climbing the western Pennsylvania championship among the teachers' colleges by their victory over Edinboro here Saturday was no reason for a holiday, according to Coach Kerr Thompson. The entire team came through the difficult contest in fine shape physically, and were eager to commence preparations for the titular battle with West Chester.

This year the eastern school will make the journey to Slippery Rock to play a return engagement for the one Slippery Rock played last season at West Chester. Both teams have defeated the rest of the teams in their division of the week. It is also likely that Mills, regular left halfback, will be able to take his place this week following injuries in the Duquesne game.

Gridiron Gossip

Westminister College football team plays Thiel at New Wilmington this Saturday, and the boys in Blue and White should take the encounter. Thiel will have a good team, and they will give the Titans a real tussle, but they lack the staunch forward line that the United Presbyterians will present. If the Westminister backfield is clicking this week, they may have a chance to ring the old Main bell again.

Up in Grove City Coach Charlie Berry is giving his Grove City team some hard workouts this week, getting ready for Bethany on Saturday. The injured members of the Grove City team are responding to treatment and Coach Berry may see fit to use some of the cripples in the Bethany tussle. Art Alexander who has been out of the last two games with injuries will be back in shape for the Bison. Bethany has not won a game this year, and they do have hopes of springing a surprise on the Crimson team, if would be a surprise and a big one if the West Virginians would take this engagement.

A grid dish that has all the earmarks of a first-class struggle will be enacted at Reeves Stadium, Beaver Falls, on Saturday afternoon. The game brings together Geneva and Duquesne, bitter rivals, in all branches of sport. The Ducks are favored to win, but Coach Harpster harbors a secret ambition to take the cockiness out of this Layden machine. And they put forth every effort to have the Covenanters in shape for the fray.

With that 14 to 6 defeat at the hands of W. & J. still ranking in their minds, the Bucknell football team boarded the pullman train today bound for the confines of the Pitt Stadium at Pittsburgh, where on Saturday afternoon the Coach Snayley eleven must cross footballs with the men of Amos. The Presidents are eager to repeat that dose given the Levistowners last season. A good game is anticipated. The W. & J. team will be at its strongest with Matur Rush and Glenn Smith in shape to skirt the ends for big gains.

The Pitt team is working out daily in the Stadium, with the thought in mind of what will take place this Saturday at Columbus Ohio when Pitt sends the terrible hungry Panthers out to stalk the unsuspecting Buckeyes. The Pitties are rarin' to get at this Ohio team that made the Navy feel very humble after a 27 to 0 setback last week. Coach Sutherland has not announced the starting backfield, but young "Bulldog" Reider is believed likely to get the call again over Josh Williams the Pitt veteran halfback.

Mayor Walker To Wage Defense For State Boxing Law

Mayor Walker Incensed By Reports Appeal Attempts Will Be Made
(International News Service)
NEW YORK, Nov. 13.—Reports that an organized attempt would be made next year to repeal the Walker boxing law, which permits professional boxing in New York State, aroused the ire of Mayor James J. Walker today.

The Walker bill, which he drafted to put an end to abuses existing in boxing, became a law in 1920. The mayor declared today that if necessary he would attend the next session of the New York legislature in January and defend the law.

Renewal of attempts to abolish professional boxing in this state comes as an aftermath of the Tunney-Mara law suit with its testimony that high political influence had been sought to have the first Dempsey-Tunney fight staged in this city instead of in Philadelphia.

Mayor Walker pointed out that the judge and counsel for both sides at the Tunney-Mara trial had agreed that no evidence incriminating politicians or members of the New York State Athletic Commission had been introduced.

The mayor reiterated his belief that boxing is on the level and declared that in most shows, the fans get their money's worth.

GRID TIMEKEEPER FORGETS TO YELL

Mount Union defeated Kenyon, Saturday at Gambier, O. 63 to 2, but the size of the score was not a feature of the game, it has become known. Instead of playing 60 minutes they played 70 because the timekeeper was so thrilled with the game that he forgot to call time in the third period which went 25 minutes. It was in this period Mount Union scored 32 points. There will be no protest.

Dauids To Manage Gersons Quintet

Jewish Basketball Team Reorganizes At Meeting Held On Wednesday Night

At a meeting of the Gerson basketball team last night at the home of "Sae" Levin, 207 Boyles avenue, the team was reorganized for the coming 1930-31 season.

Jack Gerson will again back the team. Mr. Gerson was present at the meeting last evening and pledged his full support to the boys.

Harry H. Davids, prominent young athlete was again elected to manage the team. Davids has been with the Gerson team for the past six years, serving as captain of the team 1925-26 team, and having the honor of managing the club for the past three years. Lou Saul was elected as secretary of the team.

The initial workout for the Gersons will be held at the Y. M. C. A. floor on Monday night. All those desiring to try for positions on the team are asked to report, also all the old players from last year. They plan for a fast aggregation this season.

OLDEST BATTERY IN BIG SHOW RELEASED

Release by the Athletics of Pitcher Jack Quinn and Catcher Wally Schang means that the oldest battery in major league baseball has passed on. Quinn is a few months past 45 and Schang rounded the 40 year old mark in August. Quinn started in organized ball with Connellsville in the old Pennsylvania state league in 1903 and spent 29 years in the majors. Schang passed into the majors in 1913.

Titans Drill To Stop Thiel In Forward Passing Attack

Wardle, Lutheran Back, Must Be Watched By Beedemen

(Special To The News)
NEW WILMINGTON, Pa. Nov. 13.—"Stop Wardle!" That is the thought uppermost in the minds of the Westminister college football players as they point for the Thiel game to be played here Saturday afternoon. Wardle, shifty backfield star of the Lutherans, is on the passing end of the Thiel air attack. He also carries the ball around end and through the line. For this reason, measures will be taken by the Titans to throttle this "Abie Booth".

Westminister has won only two games from Thiel in the last eight contests played, although the Titans have a large margin in the total games played between the two schools since early days. Last year the Lutherans won 6-0 in a game which seemed to be a contest to determine which team could exhibit the poorest playing.

Last year's game was, in many respects, a grotesque contest. Three men were injured on the opening kickoff, and four others were helped from the field before the game was ended. While the game was free from penalties and free from rough playing, it seemed that fate had decreed injuries to seven men.

Saturday's game, with both teams better than they were last year, should be a good one. Thiel has looked very impressive against Temple, Washington and Jefferson, and Carnegie Tech, holding each team to a low score. The Lutherans have also defeated Waynesburg and Richman in the Tri-State conference games and have lost a hard-fought game to Geneva.

Westminister will be striving for its first conference victory Saturday, while Thiel will be trying to make a victory to make the record stand four victories and four defeats and thus give the team a 500 per cent mark for the eight games.

Bessemer Training For Hard Contest

Coach Fredericks last evening drove his Bessemer high school gridironers through a stiff scrimmage at Bessemer.

Fredericks realizes that Bessemer will meet the strongest foe of the season when they play Union High at Bessemer, Saturday.

Neither eleven has lost a game and the winner will be hailed as the Class B school champion.

Students from various Class B schools will help to swell the crowd which will journey to Bessemer.

DON'T LIKE CLINCHES

Fans don't like clinches. When Young Strubling fought and beat Arthur DeKuhn clinching tactics brought a salvo of boos from the Atlanta crowd. DeKuhn weighed 221 to Strubling's 191.

Where Can You Duplicate My Performance and Looks for \$285?

I take pride in telling the public that my original finish is just like new, although I've seen several years of faithful service. I've got good tires all around and my motor is in the pink of condition. Even the curtains all around and in a second's time, are in first-class shape. If you will come in and look me over, you'll be tempted to buy me. When I was new I sold for \$1,245, but now, just because I don't have a closed body, the garage people have cut my price down to \$285. Even though the price is far below what I'm really worth, it gives me great pleasure to tell you that I am a Studebaker Phaeton. Drop in and see me!

I Get Tired Standing Around Here!
Waiting for Someone to Try Me Out

—among so many cars that are not in my class. I like to get on the road once in a while, and I'm just hoping that some chap will buy me this week. I'll surely show him what real service is in an automobile. I'm good for 50,000 miles right now. When I was new, I brought the price of a comfortable home, but now I'm willing to leave my stall for \$600,000. I'm a Pierce-Arrow Sedan, and a real buy, too. Let me give you a ride.

I don't mind telling you that I was owned by a prominent attorney in town. When he saw the new Studebakers, they took his eye and it wasn't long till he traded me on one. He had no fault to find with me because I always gave him service and satisfaction, but the new Studebaker looked a little more nifty, so he drove me to the garage, and here I've been for several weeks. I'm a 1927 Hudson Brougham and I'm in wonderful condition. My price now is only \$335. Come in and look me over!

Fighters Had To Make Weight In Ye Old Days

Lavigne Made Walcott Weigh 135 And Got Decision Because Joe Was Weak

In ye olden days a fighter had to 'make' weight. There wasn't such a thing as letting the forfeit slide. Should a pugilist not weigh in under or at the poundage stipulated in the articles of agreement, there would be no fight, according to the 'old-timer' who recently recalled the fight between Joe Walcott, 140 pounder and George (Kid) Lavigne in San Francisco, which occurred in the 'nineties.'

The Kid was a legitimate lightweight, champion of the world. Walcott was a 140 pounder and later was to be crowned welterweight champion. Should necessity require, Lavigne could lower his weight to 128 and be strong. However, he agreed to fight Walcott at 135 pounds at 6 o'clock the night of the battle in France. Each put up a weight forfeit of \$500.

They had previously fought 15 rounds at Maspeth and although Walcott had been favored to 'take' Lavigne his efforts met failure. Finally which grew out of the fight heightened and the fight to come off at San Francisco was cooked to a faretheewell, the 'old-timer' declares. When Walcott signed for 135, he didn't realize apparently the trouble he would experience.

When the match was made Lavigne realized what the colored welterweight was up against, and in his heart he knew the welterweight couldn't lose five pounds, be strong and defeat him. According to the articles they were to weigh in at Hamman's bathhouse on Post St. a famous place in the days of Francisco's 'nineties.'

At three o'clock of the afternoon of the 'go' patrons of 'Hit and Miss' gathered in front of the bath. There were all sorts of 'hacks' around. Horses chewed their bits while fight fans wagged tongues. In the crowd was Jim Neil, father of the bantamweight Frankie Neil. In those days the elder Neil owned Catawba, an exceptionally good stakchorse.

The conversation dealt entirely with the coming fracas which was

interrupted only when a 'hack' rolled up and out jumped Bill Lavigne. He was followed by the Kid and Tom Lansing of Louisville. The Kid shouted 'hello' to the crowd and entered the bathhouse followed by the patrons of the game in which he was a big figure.

The chatter in the bathhouse went on until interrupted by a shout: "Here he comes!" meaning Walcott. He was attired in a heavy sweater but instead of being in a cab he was propelling himself with his feet. The hack which was ahead of Walcott drew to the curb and Walcott left the road and joined the crowd.

O'Rourke, Dixon There
Naturally he got a good reception. Tom O'Rourke, George Dixon and Joe Cotton, a colored heavyweight were in Walcott's party. O'Rourke being the manager. They entered the bathhouse and as Walcott entered he shouted a cherry greeting to Lavigne which was returned. The time of day was passed, also some good natured banter.

The clock tolled 5, one hour before the hour to weigh in. Not being sure of Walcott's weight O'Rourke put him on the scales. The beam registered 136, or only one hour left to 'dry out' one pound. O'Rourke then told the crowd: "When we left Sausalito, Joe weighed 136 1-2. We made him run behind the 'hack' to the Oakland Ferry."

"We took every chance to take off the weight and sent him into the engine room and he shoveled coal while we crossed. After we left the ferry we put him running and he's been running right up to the minute he arrived at the bathhouse." Noting his talk had no effect on the lightweight, O'Rourke ordered Walcott into the "hot room."

O'Rourke and Dixon sat down. Jests and puns were hurled but nevertheless O'Rourke and Dixon persisted as much as did Walcott in the bath. The lightweight, Lavigne, not worried over his weight removed his sweater then resumed his seat. He took things easy and until Eddie Graney, the referee entered the room and told the fighters to weigh.

"You'll have to give us half an hour to make the weight," said O'Rourke to Bill Lavigne brother to the Kid.

"And why?" asked Bill. "You never gave us anything, did you?" He asked meaning that O'Rourke in negotiating for a Lavigne match had

always demanded 118 instead of 122. Six o'clock sounded. Action came quick. Lavigne stepped out but Walcott was the first to get on the scale. It balanced at 135.

O'Rourke exploded a long breath. Walcott laughed. Lavigne was getting on the scale when Joe tapped him on the shoulder and remarked: "Didn't think I could weigh 135 did you?"

"You can't and beat me" was the significant reply. Lavigne got on the scale but O'Rourke believing he was under 135 on account of his past weights remarked "No use of you getting on the weight is easy."

But George Dixon, the original "Little Chocolate" a fighter not yet forgotten, spoke up saying "Oh, yes, 'Kid,' you're getting on, too."

Lavigne Wins Bout
He got on but almost tumbled from the scales as the beam showed 135 pounds—a weight that Lavigne never thought he would weigh. A rested until the bell and fought a gruelling fight. According to the 'old timer' O'Rourke second to Walcott tossed in the towel as Joe came up for the fifteenth round.

Spider Kelly probably the most famous of seconds was in Lavigne's corner and in those days the 'old timer' was one of the boys who followed the big guns of fantasia, was present at the weighing in and witnessed the fight.

Nowadays things are different. Various commissions allow a difference of weight and some of the boxers don't make an honest effort to 'make' the weight stipulated in the articles which is one reason why there is a disparity in weights in many bouts.

ENROLLMENT GROWS

Each week sees an increase in the enrollment of the Americanization School which is conducted by Principal James M. Hughes in the Lincoln-Garfield School. According to a report of Dr. C. C. Green to the school board Wednesday the total enrollment of the school is now 52, of which 39 are men and 13 women. The average attendance is 40.

Al Wittmer May Be Head Coach For Princeton

Former Allegheny High And Westminster Star May Get Roper's Berth

TIGER ELEVEN LOSING STRIDE

The Princeton Tiger football team will have a new head coach next year, according to a story going the rounds in the Eastern half of the state. The young man mentioned as the successor to Coach William "Bill" Roper, is Al Wittmer, former Allegheny High and later Princeton star halfback.

Wittmer played one year at Westminster College, and was a star backfield man. He later went to Princeton where under Roper he became a recognized athlete.

The Princeton teams in the past few years have not fared so well, and it is believed that Coach Roper has lost all interest. For many years Roper was recognized as one of the best in the country, but he seems to have lost his coaching knack.

In event that Wittmer does become head coach at Princeton, and there is every indication that he will be when the 1931 season rolls around, it will be interesting to note the Brown-Princeton game. Brown

is coached by "Tuss" McLaughry, former Westminster star. Brown beat Princeton this year. Wittmer will more than likely clean house at Princeton, and get himself a brand new set of assistants. Princeton meets Yale this week, and their is a gloomy cast to the Princeton campus. The Eli eleven is heavy favorites to win the annual battle.

Woman Dies From Bullet Wounds In Rioting In Havana

New Rioting Occurs In Havana—Many Students Placed Under Arrest

(International News Service)
HAVANA, Nov. 13.—One person was dead, several were injured, and many students were under arrest today as a result of new rioting which broke out here last night. Mercedes Barbarosa, 28 years old, died today of wounds received while watching the riots from the balcony of her home near the downtown district. The exact number of injured had not been determined today. Riots occurred throughout Havana following an unruly demonstration in front of the office of the newspaper El Pais, in which one student and one policeman were injured.

Stock County Streams With Brook Trout

Slippery Rock Creek, Taylor Run and both branches of the Neshannock have each been stocked with 80 cans of brook trout, following a partial survey, according to Charles Withers of the Lawrence County Sportsmen's association. He says that more fish have been placed in the stream this fall than ever before. The stocking was made in conformity with the new rules of the state to distribution. Recently Commissioner A. G. Baller visited the county and made a partial survey of the streams. He said that only such streams that showed a good volume of water would be stocked. Under the new plan the state commission designates the streams and the species of fish to be stocked. Members of the local association helped to stock the streams.

Football Fund Has Good Balance

School Game Receipts For Season Not As High As Estimated

While the receipts from football have not been as large this year as they were estimated, quite a good balance is reported in the treasury. The balance after paying all bills, according to a report signed by J. H. Earl McKenzie bookkeeper, N. D. Nelson, ticket supervisor, and Ralph H. Gardner, faculty manager, shows \$3484.41 in the treasury. Two more games are to be played, one with South High of Youngstown and one with Turtle Creek. These will probably show good returns. If a benefit game is played this will not be counted in the season's receipts, but will be used for relief work.

Only One Arrest By Truant Officer

During the school month just passed, the Attendance Officer, Mrs. W. J. Bierman, investigated 394 cases, and out of this entire number it was necessary to arrest only one parent for non-attendance of the pupil. Forty eight notices were served on parents.

TERRACE SCHOOL HIGH
Attendance figures in the public schools continue high, the report of the past school month showing a total average over the system of 97 per cent. Terrace Avenue was high with 99 per cent, with the Senior High school, down to 95 per cent.

Reports Hold-up Men Got \$200

Finance Company Collector
Robbed Near Home
Early This Morning

HOLD-UP OCCURS AT GARAGE DOOR

C. C. McDermott, 324 East Moody avenue, collector for a Youngstown finance company, on his return home about 1:10 o'clock this morning, was the victim of two holdup men, whom he informed the police, took his pocketbook, containing about \$200 in cash, his drivers license and the owners card of Dent Shields, at the point of a gun.

Lieutenant Hillers and Officers Dukes and Lockard answered the call made by Mr. McDermott, and found that Mr. McDermott had just driven his car into his garage and turned off the lights, when the two holdup men stuck him up at the point of a gun.

After they had relieved him of his valuables, they told him it would be bad for him, if he turned around in less time than five minutes and beat it. Mr. McDermott was unable to give any description of the robbers.

According to the police report, some person in the third floor apartment where McDermott lives saw a car cross Highland avenue and go west on Moody avenue, after the holdup occurred. It may have been the car of the holdup men.

Mt. Jackson Notes

Mr. and Mrs. W. H. Anderson of Wierton, West Va., have returned to their home after a visit with their mother, Mrs. McFarland of the Mt. Jackson road.

Mr. and Mrs. George Beck have come into the plant until they are

returned to Haller after spending the week-end with relatives.

Mrs. Uber Gettings and family of New Castle is visiting her mother, Mrs. Collins of Mt. Jackson.

George McFarland and family called on relatives in Mt. Jackson Sunday. Emery McFarland, the former's brother, was also a guest on Sunday.

Some News, Some Views, But Mostly Just Observations
Of Interesting Things
Around New Castle

Sometime tomorrow the new copper ball will be put in place on top of the First Christian Church steeple, and according to Carl Becker who is doing the work, that fixes that for the next fifty years.

The ball will be a hollow one and inside will be a number of little trinkets. Among the articles put in will be a copy of today's News, so that fifty years from now when they take the ball off and put up a new one, drop around and take a look.

This Becker has a rather unusual life. Thrills are a part of the day's work and swinging out over the street a couple of hundred feet in the air with nothing between him and eternity a rope, is ordinary stuff. All of his adult life has been spent in steeple jack work and by this time he probably feels ill at ease in a comfortable chair.

Roamed around an interesting place yesterday. Went out to the new Burton Explosive plant near Coverts Station and with Johnny Carson as the teacher, learned some little about the layout of a dynamite plant.

The place looks like an army cantonment under construction. Not one or two buildings but some 35 of them, in various sizes, divided into two areas, explosive and non-explosive. From the time the raw materials come into the plant until they are

ready to ship as dynamite, they are on a gravity line.

Some of the buildings look like a brick step-ladder, stepped down as they are. In these, certain acids are started at the top and drop down to various levels after they have been properly treated.

The dynamite line is an interesting thing to follow, for down this line goes the stuff that will later be used in blasting out coal and limestone and rock. All the way down the line will be running stuff that will be a splendid servant but a bad master.

The buildings in the explosive area have lead sheeted floors. The workmen will wear specially prepared shoes, and will use copper tools, all of these precautions to avoid sparks. Safety first stands out like a black eye in all of the preparation for the new industry and the probabilities are that trouble will be a stranger out there.

Met a thoroughly interesting gentleman out there, A. Stanley Fox, chief chemist for the company, who has charge of the analytical laboratory. His daily task is to examine dynamite, nitro glycerine, and some of the wickeder acids, but after forty years in the game he seems to be just as healthy as though he had

opened a dry goods store in his native England.

Some of the acids he has out there are bottled demons. More dangerous than a cage full of rattlers, they are an important part of the manufacture of dynamite, and under the skillful handling of Mr. Fox and his associates they are never allowed to cut up any didoes.

They are too busy out there to entertain visitors and for that reason the gate is locked. Try and get by Jerry Coyne unless you have a real reason for getting inside.

The buildings are far and away from highways or habitations and more than fulfill the requirements of the state law. They are on which the buildings are built is 450 acres in size, and every building is located in accordance with the Table of Distances worked out for the explosive industry. In addition, every building in the explosive area is barricaded so that even if there was an explosion, it would affect only one small building.

The school board is showing signs of improvement. Had a meeting last night and actually finished before midnight. Quite a little before midnight, but the exact time is not used for a very good reason. The reason is this. One of the board complained that the last time they got through early, he didn't get home right

away, and after checking his arrival with the time of the adjournment, as seen in the News, his wife demanded an explanation.

The idea of a benefit football game for charitable purposes here is a thing that should be encouraged. If the football team is willing to

play for such a purpose, then certainly a lot of us ought to be willing to buy a ticket or two.

There is just one clause I would like to insert in the specifications for the game and that is, no free list. No deadhead tickets. Let everybody pay his way in. The football

men are paying more than their share when they go out and grill around on that field. The rest of us ought to show a paid ticket before we get into the field and this goes for everybody.
